

Dear children and parents,

The Eco Committee are organising a school mural and an Eco greenhouse to improve our school grounds.

### Eco Greenhouse

We were wondering if the children could please bring in as many **2 litre** bottles as they can. Our Greenhouse will be made from over **2000** bottles! Could you please rinse and remove the labels from the bottles, if possible. Please start collecting now as we would like everyone to help build our greenhouse in term 4.

### School Mural

We are doing a mural on the Right to Play to bright up our playground and we would like all children to help paint it. We are planning a competition to decide what the mural will look like and we hope to get started painting in term 4.

We need all children to bring in old clothes and shoes as the paint we need to use won't wash out. If you could bring your painting clothes into school as soon as possible in a labelled carrier bag.

Thank you

Hana King  
Eco committee member
