

Driving Equity and Excellence

Improvement Action Plans

Session 2022-23

School:	Cardinal Newman High School
Cluster:	Cardinal Newman High School

Ir	Improvement Plan Summary			
Cluster Priority 1:	Improve engagement and attainment by supporting increased attendance at school.			
Cluster Priority 2:	To establish partnership working with Children and families consistent with the National Commitment of "The Promise".			
Whole School Improvement Priority	AABOUT Programme			

School Vision and Values

Following consultation with our pupils, staff and parents, Cardinal Newman High School agreed on the following values to guide our work and our relationships with each other and the wider community.

Caring

We care for everyone around us; in our own community and in a wider global sense **Achieving**

We are clear as individuals and as a school community what our aims and goals are **Respect**

We respect each other and our different cultures, views and opinions

Determined

We are focused on our aims and goals and are proactive in identifying and removing barriers

Independent

We are encouraged to be independent learners and our individual opinions are valued **Nurtured**

We know each other's needs and we provide effective educational and emotional supports **Ambitious**

We are ambitious for ourselves and others and work collectively to achieve our aims Learning

We have high expectations for ourselves and others, we review and evaluate our performance, and we celebrate our successes

Audit and Consultation

In arriving at our improvement priorities, the school has taken account of Education and Families' priorities, an audit of the previous year's improvement plan and engagement with parents/carers and learners.

Details of engagement (pupils, parents/carers, partners)

We ask pupils, parents and partners to tell us their suggestions and ideas for the school improvement plan through surveys and questionnaires. We put these ideas into practice. Pupil Voice group contributes directly to the school improvement planning process as does the Parent Council.

RATIONALE (WHY?) Why have you identified this as priority? What data did you have to support this?						
• Attainment – Improve WSMs for 5 + N3 and 5+ N4 Qualifications. Implement a whole school approach which ensures that all evidence is completed and recorded for all young people in						
advance of end of S4 session. Our WSMs for these measures are lower than other schools in the local authority.						
Attainment – Raise % of S4 attaining 1+ National 5 to 90% = 134 pupils. (August 2022: 86.57% = 129 pupils)						
Attainment – Raise % of S4 attaining 5+ National 5 to $40\% = 60$ pupils. (August 2022: $36.91\% = 56$ pupils)						
Attainment – Raise % of S5 attaining 1+ Higher to 70% = 105 pupils. (August 2022: 57.06% = 98 pupils) (August 2019: 63.6% = 112 pupils) Attainment – Raise % of S5 attaining 5+ Higher to 70% = 20 pupils. (August 2022: 44.74% = 25 pupils) (August 2010: 43.6% = 24 pupils)						
Attainment – Raise % of S5 attaining 5+ Higher to 20% = 30 pupils. (August 2022: 14.71% = 25 pupils) (August 2019: 13.6% = 24 pupils) Attainment – Raise % of S6 attaining 1+ Higher to 75% = 129 pupils. (August 2022: 67.44% = 116 pupils)						
Attainment – Raise % of S6 attaining 5+ Higher to $35\% = 60$ pupils. (August 2022: 07.44% = 110 pupils) (August 2019: 18.4% = 32 pupils)						
Attainment – Lower % of no awards at National 5 in S5/6 in Maths and Science. We currently have 92 young people in S5/6 who are on their first or second attempt at passing National 5						
Maths. 31 young people in S5/6 are on their second or third attempt at a National 5 Science. We will put systems in place which will reduce the number of young people finishing S6 with						
'No Award' following 1,2 or 3 attempts.						
Attainment (BGE) – Whole school quality assurance measures updated and in place to ensure consistent high-quality teaching and learning across subject departments.						
Attainment (Digital Skills) – Whole school digital plan – including developing virtual learning environments and embedding digital learning experiences across faculties and the curriculum.						
• Attendance – Implement a series of measures to ensure whole school attendance average is 90%+. School attendance for 2021/22 is 86.4% v 85.7% in 2019 and 89.7% in 2015.						
Absence from school has a negative impact on teaching and learning, health and wellbeing and performance in national qualifications. The Digital Team are developing and building a						
CNHS Digital School to support young people and their families who are absent from school and to ensure a successful return to school following absence. Subject departments will						
prepare a departmental initiative to support improved attendance. All departments will develop materials to support young people on their return to school following absence. We will develop develop House Identity as a way of improving school attendance and the aims of the AABOUT Programme. We will use a system of rewards to recognise good attendance.						
• Behaviours – A focus this session on our new CNHS Promoting Positive Behaviour Policy; 10 Point Plan for Effective Teaching and Learning (Teachers); Anti Bullying Policy and						
Materials. Young people are designing their 10 Point Plan for Effective Learners which we will agree and publish this session.						
Introduce AABOUT / Registration and House Year Group Assemblies. Discontinue TIMEOUT Room as a behaviour management policy and focus on universal, targeted and intensive						
approaches to improving and managing behaviour based on our school data. We will offer all young people an alternative to exclusion programme which we are planning to introduce this session.						

We aim to reduce the school exclusion rate this session from around 3% of the school cohort to 1.5%. We know that the young people we exclude may not have a responsible adult to carry out the role we might ideally expect during a period of exclusion. Young people who are excluded from school might be exposed to additional harm. We are planning an 'alternative to exclusion' programme to be rolled out in session 2022/23. The programme will involve working with partners to change the patterns of behaviour which can lead to exclusion from school. In session 2021/22 we had 48 exclusions, 41 pupils were excluded, 192 openings were lost to exclusion. 80 of the openings were for vaping; 78 for fighting and physical assault; 26 for bullying including cyberbullying. Our alternative to exclusion programme will contain specific inserts to challenge those behaviours and provide support where necessary. Almost all of the young people excluded were in S1-3. No young person in S5 or S6 was excluded last session.

5 young people have been excluded since January 2022 which equates to 20 openings. Since April 2022, no young person has been excluded from school.

SDQ Questionnaires: Revisit results of our school survey this session. Prepare new CNHS SDQ questionnaires for teachers, parents, and young people. Gather the responses from the surveys, carry out an analysis with the Data Team and PTPS – agree next steps / interventions.

• **Opportunities** – As part of our AABOUT Programme we will plan and deliver a range of opportunities this session mainly based on two specific areas - Outdoor Learning and DYW. Every young person in S4 will have a formal 8-week workplace placement beginning in October 2022. Every young person in S1-3 will have opportunities for curricular and extracurricular outdoor learning experiences.

Future Fridays – continue to develop the range of opportunities we provide. We are aiming for 20% of school roll attending Future Fridays next session. A focus on the new S1 pupils.

- Uniform By the end of week 1 of the new session every young person in Cardinal Newman High School will have or will have been provided with [or offered] a full school uniform including shoes and blazer. We have used funding from William Grant Foundation to fund blazers for every young person in S1 and S6. We have used PEF funding to pay for items of school uniform for young people who would not otherwise be able to afford to pay for them.
- **Timekeeping** AABOUT Programme to support. Departmental improvement plans (DYW improvement aims).
- Data and Analysis for all new interventions and actions to support improvement and the AABOUT Programme the Data Team will devise appropriate tools to measure the impact of the improvement work.

Resources: Please include costs and, where relevant, state where cost is being met from, specifically if using PEF. Please denote PEF/or colour code if preferred, to indicate where PEF spend aligns with targets.

PT PEF: Attendance and Exclusion		 PT works with colleagues across the school and with partners to achieve the aims of the AABOUT Programme (Attendance). PT works with AABOUT Teachers and Data Team to develop systems for the effective analysis of attendance and exclusion data and to develop effective attendance interventions. 	 Whole school attendance at 90+%. Accurate whole school attendance data is available in order to deliver the attendance aims of the AABOUT programme. Attendance interventions are in place to support improved attendance at school. Calendar of Attendance Forums in place. Attendance Agreements are leading to improved school attendance. 	 Improved attendance and exclusion data. More young people in SIMD1 and 2 are attending school. Attendance Agreements are in place and leading to improved attendance. Attendance interventions will address nonattendance due to poverty related factors. PTPS will provide ongoing attendance updates for each HOUSE.

	 PT works with AABOUT Teachers, PTPS and Data Team to identify attendance trends and to plan and deliver effective attendance supports for young people and families. PT will lead improvement work on Attendance Forums and will monitor effectiveness of Attendance Agreements. 	 school analysis of how our AABOUT Programme has improved attendance and reduced the attainment gap. Reduction in poverty related attainment gap resulting from low 	PT FF will work with the PT PEF (Attendance and Exclusion) to provide an analysis of the effectiveness of the alternative to exclusion programme in reducing exclusions and changing some of the behaviours which can lead to exclusion from school.
	Plan, deliver and lead the "alternative to exclusion" programme.	 Alternative to exclusion programme in place. Less young people, particularly those who are experiencing socio 	Reduced number of exclusions. Alternative to Exclusion Agreements in place and evaluated. Feedback from young people, parents and staff. Feedback from partners.
PT PEF: Digital Learning (x2)	 The 2 PTs lead the work of the Digital Team which includes: (a) Developing consistent whole school approaches to digital learning across faculties to enhance teaching and learning and develop digital skills; (b) Supporting all subject departments to maintain and improving their digital/online curriculum and additional digital supports for young people and parents; 	 Each faculty has a digital plan linked to the whole school plan, which includes support for young people following absence and differentiated materials. Faculties have a plan for developing digital skills. 	PTs will agree and publish evaluation of progress made towards digital aims this session across a range of measures: including engagement; use, views and opinions. Faculty Heads will provide and evaluation of their departmental improvement plan which will include progress made towards improving the digital skills of all young people in the faculty.

	 (c) Supporting all subject departments to improve digital skills for young people through the BGE curriculum; (d) Designing and building Cardinal Newman High School Online; (e) Supporting subject departments with their DYW improvement targets next session; (f) Ensuring all young people are working on MWOW and other digital forums to enhance DYW skills in the BGE and prepare pupils for world of work; (g) Continue to develop and improve the school website; (h) Design, deliver and analyse questionnaires/surveys for young people, parents and staff; (i) Work with other colleagues in updating, issuing and analysing a new CNHS SDG questionnaire; (j) Work with data team and other colleagues to plan and design digital measurement/impact tools for the aims of the AABOUT programme; (k) Plan and Deliver Digital Skills Course for Parents and Carers
DHT PEF 1.0FTE Raising Attainment and Positive Leaver Destinations	 Develop effective systems for the tracking and monitoring and reporting of progress and achievement, HWB, attendance, and PLD. Support subject departments and teachers to use data to identify gaps in attainment, and to identify appropriate interventions. Support curriculum leaders and subject teachers in the gathering and

	 effective analysis of attainment and PLD data to inform next steps. Lead the CNHS Developing the Young Workforce Team. Work with a range of business partners to enhance our DYW Programme and deliver tailored worl experience programmes for all youn people in senior phase. Better support for young people to ensure they achieve a PLD. Work with PT Attendance and Exclusion, and PTs Digital Learning to achieve school improvement targets. Plan and deliver a range of associated professional learning opportunities for colleagues. 	 Teachers are confident in analysing data in order to plan next steps and to target young people for support. All faculties have specific DYW opportunities for young people. All faculties have a partnership with business / commerce / FE partners. All young people have a work experience programme in S4. DYW Team will provide targeted support for young people who require more help to achieve / maintain a workplace placement. Improved School Leaver / DYW Programmes to better support young people into PLDs.
DHT PEF 0.6FTE Improving Health and Wellbeing of Staff and Young People	 Plan and deliver interventions which support better mental, social, emotional and physical health of all young people, families and staff. Plan and deliver interventions which support young people to overcome socio economic barriers and which ensure equity of opportunity. Carry out HGIOS 4 QI3.1 whole school self-evaluation; publish the results and analysis of the audit which sets out areas of strength and areas for development; plan support and interventions for the parts of the QI where we need to do better. Plan, publish and evaluate CNHS SDQ. Work with PEF colleagues to plan and deliver interventions which support the areas for development. Building Back Better – work with the PT PEF and PEF Teachers to take forward the evaluations we carried 	 Update PHSE Programme to include mental health and wellbeing supports and positive relationships. Educational Psychologists: one to one and group sessions to target anxiety induced absenteeism. Survey staff and provide CLPL to support aims of the AABOUT Programme and combat socio economic factors. TeenTalk sessions – evaluate more effectively the impact of our schoolbased counselling service. HSPO – new groups set up to target both young carers and care experienced young people. Feedback from young people, teachers and parents. SDQ Questionnaire results. PSHE teachers. Reduction of anxiety induced absenteeism. Attendance Tracker. Calendar of CLPL events identified and in place. New questionnaires for pre and post counselling. CNHS Cost of the School Day Report.

	and immediately after and the identified next steps.	 Provision of full school uniform to alleviate severe economic difficulties currently facing many of our families. Continuing to develop our school approaches to eliminating school based costs for targeted young people and families. 	
2 x PEF Teachers @ 0.4FTE = 1.2FTE	 Plan and deliver social and emotional interventions to improve attendance including outdoor learning. S1 nurture groups - planning for these groups extended to include 	 Targeted pupils accurately identified for numeracy catch up programmes to close numeracy attainment gap. Deliver Maths Balance programme with targeted groups of S1 pupils. Plan, deliver and evaluate Catch-up Numeracy Programme for identified pupils. RWI delivered. Literacy benchmarking in place and interventions delivered. 	 Numeracy interventions identified and in place. Retesting of young people pre and post interventions. SDQ Questionnaire School environment / outdoors projects planned and delivered.

		 who are potential school refusers and increasing numbers who have elective mutism. Drawing and Talking Therapy. A programme to allow children to process emotions and express emotions and experiences more effectively. Improve ICT provision and skills for targeted pupils to allow for greater independence and accessibility to the curriculum and assessments. 	
		 Additional ICT support in class and digital materials / assessments for targeted pupils. Removing barriers to curriculum and effective assessment of targeted young people. Staff training to deliver. 	 Increased number of pupils using digital assessments instead of a scribe. Digital prelims in place.
2 X PEF (Numeracy) Teachers	Total staffing:£97,471.00 August - March	 Additional period of numeracy for all young people in S2 and S3. Additional supports in place for young people at first and second level numeracy. Staff training to deliver numeracy supports and interventions including Abstract/Concrete/Pictorial interventions to support least able learners and close numeracy attainment gap. PEF Teacher is numeracy coach. Cluster. IDL project on Code Breaking for National Numeracy.
