Why join a Parent
Council?

Our Ethos

We all want the very best for our children and choosing to be on the Parent Council shows your commitment not only to your child/children but to all of the children at Eastfield Primary School.

The thing that brings us together on this Council is that commitment to our children's education and wellbeing.

As true partners in our children's education we are ensuring that all of the children get the very best from this school.

The head teacher, the local authority and the Scottish Government support parental involvement at every level.

The Parent Council is here to support the school as partners and represent the views of the Parent Forum.

As true partners we must work together with the school to feedback those views in a positive and constructive way.

Looking forward to next session

There will be many challenges ahead for the School and Parent Council and we will continue to support the school and hope you will join us at events that will be coming up.

We are always looking for parent helpers to help within the school or on school trips and especially at Parent Council Events....

Thank you for your time this evening, we hope that by the end of our presentation you know a bit more about the Parent Council and its important role in your child's school.
