

## **In literacy, we are learning to:**

### Spelling

Build vocabulary using a variety of strategies and develop spelling strategies. Learn topic relevant spelling.

### Reading

Use reading strategies to better our understanding of firstly **non fiction texts** and then our group novels.

### Writing

Write a series of narrative, discursive arguments and explanations and develop core targets.

## **Interdisciplinary Contexts:**

Learning about Space. Our place in the solar system and how our planet relates to the others around it. We will be looking at travel within space and the steps that mankind has made in learning about the universe.

## **In Health & Wellbeing we are learning about:**

Nutrition and healthy eating.  
NSPCC - workshop on "Speak Out. Stay Safe"  
The benefits of being active and participating in different kinds of energetic physical activities including dance, sports and opportunities for outdoor learning.

## **Our Learning Journey Primary 6 January to March 2020**

## **Wider Curriculum:**

House points system

Nursery Buddy - meetings to be arranged.  
Participating in preparing and cooking food in our cooking kitchen. Learning about health and hygiene when cooking.

World of Work week

## **In Maths, we are learning to:**

Convert between units of measure and then use these to problem solve.  
Work out the link between fractions, decimals and percentages.  
Use fractions, decimals and percentages to solve a variety of problems and generate problems of our own.  
Use expressions and equations to help us solve and answer tricky problems.  
Use the 24hour clock. Read timetables and calculate durations.

## **School/Class Events:**

Scottish week  
Fairtrade Fortnight  
World Book Day  
Preparation for Aladdin performance.  
P6 visit to Science Centre on 26<sup>th</sup> February.
