

ECO UPDATE

- Ellis Williams from P6b was the winner of our school's Eco Code competition. Could you read over this with your class and display for pupils to refer to.
- Each class is required to have an Eco Monitor. If you would like a class jobs sign for this let your Eco rep know.
- Could you also display the saving energy signs 😊
- **REMINDER** - to use the recycling bins for paper and plastics but not for general waste.
We are finding some of the bins full of wet – playtime rubbish!
- Can you try to help our LITTER SQUAD by using the bins outside.
- We are going to be taking part in WWF's EARTH HOUR in March. More details to follow at assembly.
