

Room 11 Home Learning Grid

Week Beginning: 4/5/20

Try to complete a minimum of three Literacy, Numeracy and IDL tasks throughout the week. If you're able to, please post some photos of your work either on Twitter (@MissWilsonRm11) or Microsoft Teams as I'd LOVE to see what you're all getting up to!

Literacy 	Task 1: Practise your spelling words using any form of fun spelling. Check the Fun Spelling Grid for ideas!	Task 2: Read for 30 mins at home to relax. Choose an activity from the reading grid to complete with a book of your choice.	Task 3: Search for objects in your house beginning with 'a'. Can you create a silly story including all of the objects you find?	Task 4: Write a letter for a friend, family member or even me to keep in touch with them over these strange times and find out what they have been doing. If you upload the letter to me I will reply!! ☺	Task 5: Choose a random 9 letters from the alphabet. How many words can you make from the 9? If you post your letters, I'll have a go with you!
Numeracy 	Task 1: Log on to Sumdog to complete your Weekly Challenge. The winner will be announced at 2pm on Teams and Twitter. Good Luck!	Task 2: Bake something with a family member. Remember to weigh out all of your ingredients correctly! Send me a photo of your creations!	Task 3: Log into Studyladder for some Maths challenges. This week's focus is Multiplication	Task 4: Have a times tables speed challenge. How many questions can you answer correctly in 30 seconds?	Task 5: Create your own game to help you practise your times tables. Write down the rules and then play with someone at home.
IDL 	Task 1: If possible have a go at PE with Joe Wicks at 9am each day. Head to his YouTube channel for the live videos!	Task 2: Think of what you would like our next topic to be. You can tell me why you want to learn about it in written form, a poster or even send me a video. The best idea will be our new topic!	Task 3: Complete one of the Glasgow Science Centre's lessons. They go live at 10am each day. Search Glasgow Science Centre on YouTube for the videos.	Task 4: Host a Fairtrade party. Stock up on Fairtrade items and host your own Fairtrade party! Decorate place mats or menus, get stuck into some Fairtrade baking and have a great time!	Task 5: Be a reporter and interview a family member. Find out what their thoughts are on lockdown and isolation. Have they ever experienced anything like this before?
