

Early Level Numeracy and Mathematics Isolated Learning Grid

Can you create a number line from 0-10 using objects to show the amount?

Create the numbers 0-10 using different objects around the house. You can use this video to help you with your formation.
<https://www.youtube.com/watch?v=pzmB0GoEKkA>

Look around your house for as many numbers as you can. Write them down and then put them in order from smallest to biggest.

Find different objects around your house and decide which is heavier and which is lighter by holding them in your hands.

Can you put your toys in order from smallest to tallest?

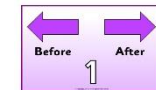

Play along on Sumdog for 30 minutes.

Practise counting backwards from 10 using this online game.
