Summer Construction Work

Over the past few months, the team have been continuing to develop the design and construction strategy for the new Orbiston Community Hub.

As part of this development, in consultation with North Lanarkshire Council, we will be carrying out some preliminary preparation activities during the school summer holiday period starting at the end of June.

These critical works have been identified to be carried out during this period to best ensure the safety of the school pupils and staff as well as the community in the surrounding area.

This will include :

- The installation of fencing between the site and the adjacent Lawmuir and Sacred Heart Primary schools as well as some boundary fencing.
- Forming temporary paths for the adjacent schools.
- Forming a temporary site vehicle access road within the site between the two schools.

As a result of these works, on returning to school in August, there will be no access to the school and or playground from the back gate on Babylon Drive.

P1-3 pupils should access/leave the school playground/ building via the Infant gate (yellow arrow above)

Pupils in P4-7 should enter/leave via the Senior Gate (green arrow above).

Please try your best with these arrangements on the first day, but do not worry should you get these wrong. Staff will show pupils once we are back at school.
