

Exciting News...

Over the past few months, the team have been continuing to develop the design and construction strategy for the new Orbiston Community Hub. As part of this development, in consultation with North Lanarkshire Council, we will be carrying out some preliminary preparation activities during the school summer holiday period starting at the end of June.

These critical works have been identified to be carried out during this period to best ensure the safety of the school pupils and staff as well as the community in the surrounding area.

This will include :

- The installation of fencing between the site and the adjacent Lawmuir and Sacred Heart Primary schools as well as some boundary fencing.
- Forming temporary paths for the adjacent schools.
- Forming a temporary site vehicle access road within the site between the two schools.

Construction site access shall be from the existing entrance via Hamilcomb Road. The project team will work hard to complete these works with as little inconvenience to the community as possible.
