Fun 31 - Information for Parents

What is Fun 31?
Fun 31 is based on **UNCRC Article 31**, which states that every child has the right to rest, relax, play and take part in cultural and creative activities.

How does Fun 31 work?
•Every Friday afternoon, pupils take part in a Fun 31 session.
•Children help choose the activities available and can select different activities throughout each 4-week block.
•All pupils receive at least **5 minutes of free play each week**.
•Throughout the week, pupils can earn additional free-play time by following our school values and showing respect for the rights of others.
•Pupils can earn up to 30 minutes of free play by earning 5 additional minutes each day.

•What if a child does not achieve the full 30 minutes?
Children who need additional support will take part in a Health and Wellbeing activity directed by their class teacher. This helps them understand their emotions, behaviours and choices, and supports them to be successful the following week.

How will parents be kept informed?
•Each Friday, pupils will receive a **Fun 31 sticker** in their diary showing how much free-play time they achieved that week.
•Teachers will monitor any children requiring additional support.
•If concerns continue for three weeks, parents will be contacted to discuss how we can work together to support their child.

Our aim is simple: to give children meaningful opportunities to play, learn, build relationships and develop important lifelong skills in a positive and nurturing environment

Right to Relax and Play
Article 31

You have the right to relax and play.

Try to join in with your peers in positive play activities during break.

Enjoy relaxing in the lunch hall eating your lunch and chatting to friends.

Throughout history and in every part of the world, children have always played. Have a look at some of these Traditional Games from around the world. Choose one and see if you can adapt it to play it with your family or friends.
