

# Lenten Charity Activities

This year Ash Wednesday will fall on the 18<sup>th</sup> February and will mark the beginning of the Lenten period. During this time our school will be organising and participating in a range of fundraising activities. Each event will help children to raise important funds for our nominated charities in an enjoyable and enterprising way.

This year the charities we will be donating to are MISSIO, SCIAF and St. Andrews Hospice. As Fairtrade Fortnight falls within Lent, one of our events will be to raise money for the Fairtrade Organisation. In addition to the fundraising activities, children will also be learning all about the important work of each of these charities.

Please try to give your child correct change for each activity. Donations of raffle prizes and home baking for Coffee Morning as well as treats for the organization would be gratefully received.
