

## Money Word Problems

L.I. - I am learning to solve money problems by using different written strategies.

Using addition and subtraction written strategies (upstairs, downstairs sums), find the answers to the questions below. Remember to make sure the decimal points are in line with each other to find the correct answer.

1. Lewis went to the shop and bought a magazine for £3.80, and some biscuits at £3.50.  
How much does he spend altogether?
2. Paul went to the shop and bought a packet of biscuits at £1.25, a bottle of juice at £1.68 and a sandwich for £2.10. How much change did he get from a £5 note.
3. Mia just loves swimming, and she bought some new goggles at £7.40.  
When she took them to the till, she gave a £10 note to pay for them.  
How much change did she get?
4. A One Direction CD costs £8.40, whilst Little Mix's CD costs £5.70.  
How much more does One Direction's CD cost?
5. Train tickets from Nottingham to Birmingham cost £11.20 for a single journey.  
How much would a return journey ticket cost?
6. Mrs Reilly bought 3 bags of sweets to fill up Primary 4's sweetie tin! Each bag cost £2.30.  
How much did Mrs Reilly spend on sweets?

7. A child's ticket to the cinema costs £5.60, whilst an adult's costs £8.50.

How much more does an adult ticket cost?

8. Hannah went shopping with £10 and bought some sunglasses for £4.80 and a lipstick at 3.50.

How much money did she have left?
