

A graph to show the monthly number of visitors to the outdoor swimming pool.

1. How many people came to swim in June?
2. How many visitors did the pool have in September?
3. How many visitors were there during the Spring?
4. Which month had one less visitor than August?
5. How many more visitors came in July than September?
6. What was the total number of people to visit the pool?
7. What fraction of all visitors came to swim in July?
8. Why do you think there were no swimmers in March?
9. Why do you think some months are not shown on the graph?
10. Can you think of your own question about the graph?
