

## Seasons Art

Since we did so well with our wolf art a few weeks ago, I thought we could try creating a piece of art that represents the four seasons: Spring, Summer, Autumn, Winter.

Below is an example of a design but you could always create your own!

You could use water colour paint if you have them at home. If not, coloured pencils work just as well!

Remember to post pictures of your lovely art work on Twitter and in the teams chat! I can't wait to see it!
