

### Purple Great Artists 3

This week I would like you to complete “Great Artists” – I hope you have enjoyed it!

#### Task 1: Inference

In the table below, I have included some images by the famous artists that we see in the book. I would like you to analyse each one and copy out the table, making some notes with words and descriptions that help describe the image.

“The Scream” by Edvard Munch:

The image of the face screaming filled with lots of colours suggests chaos and maybe confusion. The swirls imply that the person is perhaps lost or afraid.

“The Truth of Nature” by Claude Monet

“Mona Lisa” by Leonardo Da Vinci

Task 2: Check- up

On page 33, there are several questions about the e-reader. Copy and complete these questions in your jotter.

Task 3: Art!

Pick a famous picture from one of the artists we have explored and try to trace it! You can even use paints if you have them at home!
