Methods of production -

<http://www.youtube.com/watch?v=CLPFG5QCx0g> (Preview only but still useful summary of methods)

http://www.youtube.com/watch?v=ivDjpt_WVLg&list=PL9E860659CE9258AC (quality control – paving blocks)

<http://www.youtube.com/watch?v=hd1QUUgFCTM> Australian educational video. Topics differ slightly from here but mainly the same. May be best for pupils to use on their own in the class computers or at home, rather than as a class lesson.

<http://www.youtube.com/watch?v=G09QgKGA2IE> Batch production explanation, it's ok.

<http://www.youtube.com/watch?v=8TgGixncKtA> – Documentary called 'The Fair Trade'. Talks about suicide so need to decide suitability. The first 20 minutes or so is about where the motivation to create the business came about. The rest of the film moves between talking about the business, and talking about coping with loss.

<http://www.theguardian.com/sustainable-business/direct-trading-coffee-farmers> - Fair trade article details the benefits of, & challenges facing, the Fair Trade movement. Talks about alternative - direct trade.
