2. Information about our policies and procedures

If an incident occurs that triggers duty of candour, staff will report it to their Senior Management and Leadership Team or Manager. They will notify the parents/carers of the child as soon as possible and inform the Care Inspectorate. A review will be carried out into the circumstances of the incident and to allow everyone involved to reflect on what happened and identify any changes for the future. All new staff undertake training in duty of candour as part of their induction. Pastoral support is offered to all staff, parents/carers and children involved in a duty of candour incident as it is recognised that this can be an upsetting experience.
