

ROOM 4 LEARNING GRID

Week Beginning 11th January 2021

SPELLING STRATEGIES EXPLAINED

Diacritical Marking

- One letter, one sound
- 2 or more letters, one sound
- Split phoneme

Single sounds/phonemes are marked with a dot under the sound

Joined phonemes are marked by underlining with a dark line

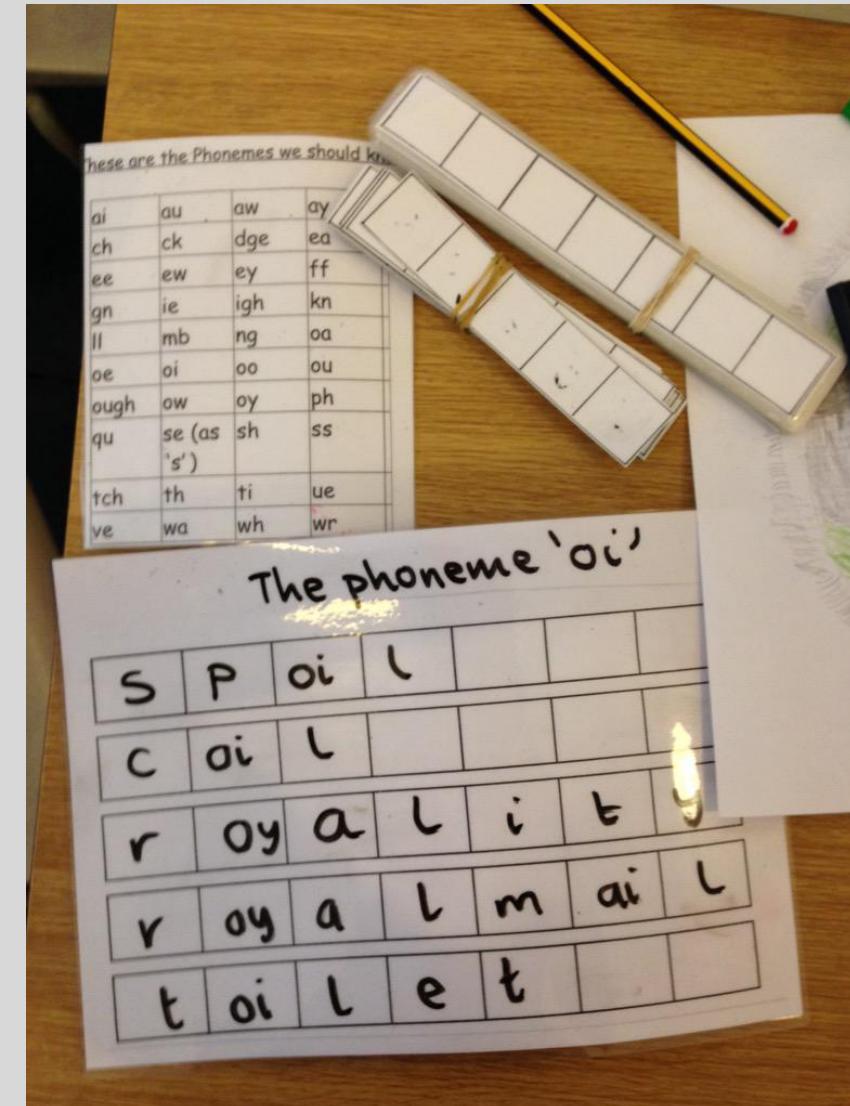

Split phonemes (formerly magic 'e') are marked with a joining loop

SPELLING STRATEGIES EXPLAINED

Elkonin Boxes are used to break up words into sounds.

One box for each sound and remember one sound can be made up of more than one letter!

READING STRATEGIES EXPLAINED

Questioning to Understand

I'm asking questions and looking for answers

- Before reading
- During reading
- After reading

Thinking Stems:
I wonder...
What if...
Why...
I think I was confused when...
Who...

Making Connections

- Text to Self
- Text to Text
- Text to World

I use what I know to understand what I'm reading

Thinking Stems:
This reminds me of... because...
This reminds me of the book...
This reminds me of what I heard...

Inferring

I'm questioning as I read to help me draw conclusions, making predictions, and reflecting on my reading.

When the author doesn't answer my questions I must infer.

Thinking Stems:
Maybe...
Perhaps...
I think...
I'm guessing...
It means...

Visualizing

I create pictures in my mind as I read.

I see what I read.
I feel what I read.
I use my senses to help me make a movie in my mind.

Thinking Stems:
I'm visualizing...
I'm picturing...
I can imagine...
I'm seeing...

Synthesizing

I combine what I know with new information I read to help me understand the text.

I change my thinking along the way.

Thinking Stems:
Now I get it!...
At first I thought ... but now I think...
My new thinking is...
I think the lesson or theme is...

Determining the Importance

I understand the main idea of the text and the author's message.

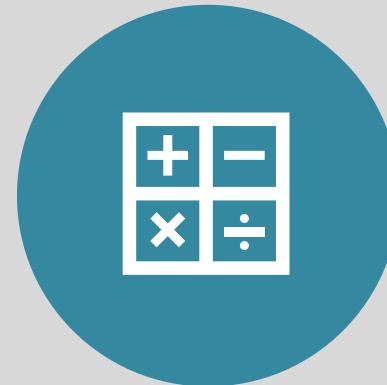

Thinking Stems:
The text is mainly about...
I learned...
The important details are...
I want to remember...

Daily Home Learning - suggested plan

2 LITERACY TASKS
(SPELLING/ READING/ WRITING)

1 NUMERACY TASK

1 TASK FROM OTHER
CURRICULAR AREAS

The resources for this week have been uploaded onto Teams. To access them, click on the Self Isolation/ Home Learning Folder.

Have a look at this page for revision on multiplying decimals by 10, 100 and 1000 - Multiplying Decimals2. Watch this video on how to use the grid method - Grid Method3. Complete Multiplying Decimals Grid Method worksheet. <p><u>TRIANGLES</u></p> <ol style="list-style-type: none">1. Read the information on this page - Simplifying Fractions2. Complete the Simplifying Fractions worksheet. <p><u>STARS</u></p> <ol style="list-style-type: none">1. Read through this page and try the quiz - Comparing Fractions2. Complete PPM 80 <p>All groups complete 15 minutes of Sumdog.</p>	<p><u>HEALTH AND WELLBEING</u></p> <p>New Year Resolutions</p> <ol style="list-style-type: none">1. Read the powerpoint New Year Resolutions and decide on your own new year's resolution.2. Complete the New Year Resolution worksheet. <p>P.E – Take part in daily exercise with Joe Wicks or complete some dance videos on Go Noodle</p>

You can find all of the required resources for today in the **Friday** folder in WB 11th January.

Fast Finisher Activities

These are some suggested activities you can do if you have completed all of your work.

- Complete a Sumdog challenge/ play Sumdog for 20 minutes.
- Complete some activities on Studyladder.
- Play Topmarks – Hit the Button.
- Times Tables Challenge – Speed Tables Sheet. Time how long it takes you to complete the grid. Then challenge yourself to beat your time! What is your personal best time?!
- Play Topmarks – Coconut Multiples.
- Play Topmarks – Daily 10.
- Watch Newsround.
- Create a powerpoint presentation on a topic of your choice.

Well done! You have worked hard all week, time for a relaxing weekend!
