## **No Smoking Policy**

Balmalloch Primary School and Nursery Class is a no smoking zone. In line with North Lanarkshire Council's No Smoking Policy, there should be no smoking within the school or nursery building or grounds.

Anyone wishing to smoke must do so out with the School and Nursery grounds, ensuring their cigarettes are fully extinguished before disposing of them.

In line with the Early Learning and Childcare National Induction Resource all staff and students must adhere to guidance that they should never smoke in clothes which will come into contact with the children.

Kelly Baker

Early Learning and Childcare Principal Lead
