RSHP Curriculum

Dear Parent/Carer,

Across the fortnight beginning Monday 26th May, we intend to continue to fully implement Curriculum for Excellence Health and Wellbeing's Relationships, Sexual Health and Parenthood strand (RSHP). This involves the introduction of a new framework of learning, which responds to Experiences and Outcomes as directed by the Scottish Government and its supporting materials. NHS Specialists and teaching staff from both North and South Lanarkshire Councils have developed these.

Our local authority is committed to the provision of quality RSHP education in accordance with National Guidelines. It forms a key element of personal, social and health education in schools and is an important part of children's preparations for adult life. The purpose of RSHP work is to provide knowledge and understanding of the nature of sexuality and the processes of human reproduction within the context of relationships based on love and respect. It should develop understanding and attitudes which will help children to form relationships in a responsible and healthy manner.

The RSHP programme for Primary 2 pupils will be delivered by the class teacher and will consist of the following.

When it comes to relationships, children will learn about:

Families, and how all our families are different and unique

The different adults who might care for children – like teachers, support staff in school or medical staff

When it comes to growing up and learning about their bodies, children will learn about:

Parts of their body are private

Other people should not touch the private parts of their body (The NSPCC Pants Rule)

<https://www.nspcc.org.uk/keeping-children-safe/support-for-parents/pants-underwear-rule/>

What behaviour is okay in public and what is okay in private (for example pulling pants up before leaving the bathroom).

When it comes to how human life begins, pregnancy and birth children will learn about:

The life cycles of plants and animals

Looking after plants and animals

If you have any further questions or concerns around the content of what is being taught to your child's class or you wish to view the resources being used to support learning then please get in touch with Mrs Diamond (Depute Head Teacher) by calling the school office or emailing nldiamond@northlan.org.uk

Kind regards,

A handwritten signature in black ink, appearing to read "Mrs E. Diamond".
