

I can share my thoughts and opinions

We are going to be doing some persuasive writing today! This means your writing has to try and make other people believe that you know best!

In this notes page, you can write down the building in your town/village that you think is most important. Then, you can write some quick reasons why you think that. This is does **not** have to be in full sentences.

Then, use the next page to turn your notes into full sentences and try and make people believe that the building you chose is the most important for **everyone**! Each sentence should be a reason **why** your building is the most important.

Notes

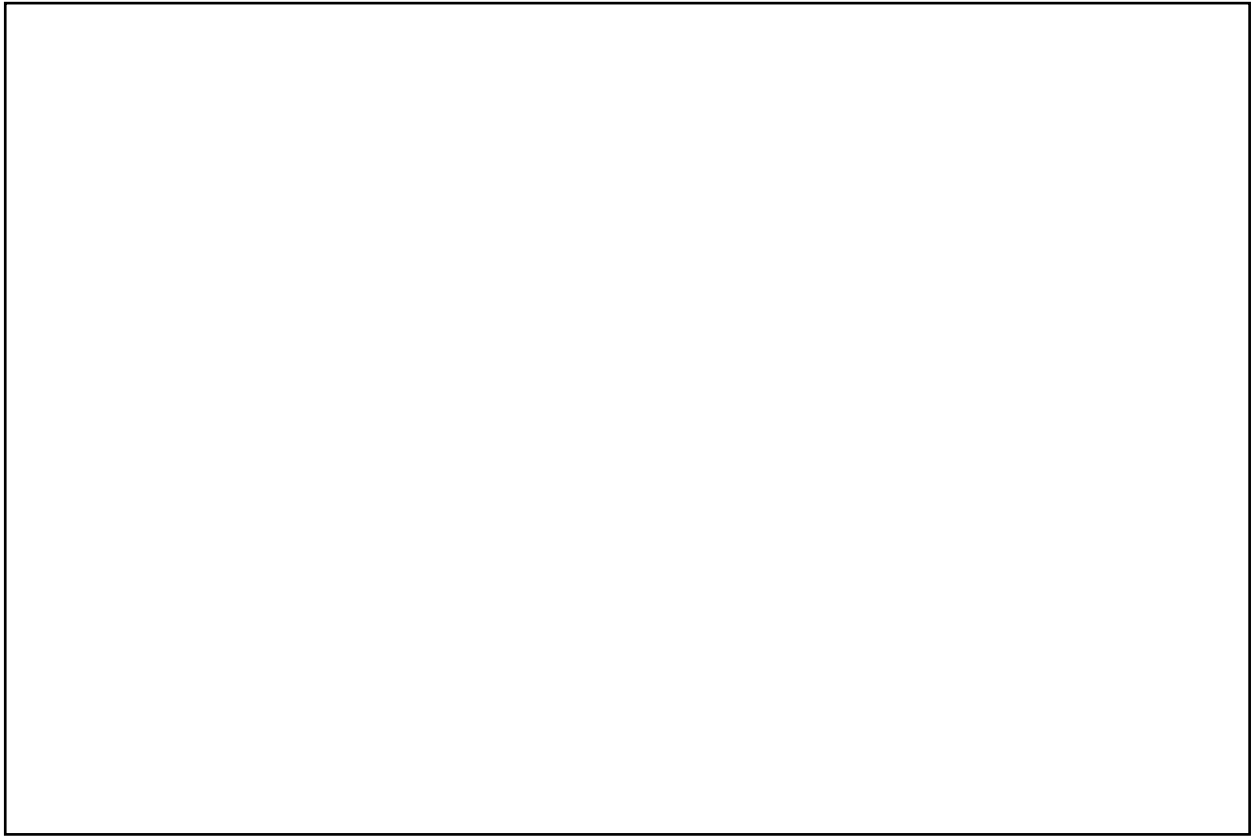

Building: -----

Quick and short reasons I think it is important:

1.

2.

3.

I think the most important building is _____.

I think this because _____
