| Rainbow spelling! Write your weekly spelling words out three times once with a writing pencil and then twice more with a coloured pencil. You could also do this for words that have your new sound in them! | Close your eyes and imagine you are at the funfair! Try to picture all the different, exciting things you would be able to see. Now, write some 'I can see...' sentences. You can also illustrate your writing. |
| Capital spelling! Write your weekly spelling words out three times - once normally, and then twice more using CAPITAL LETTERS! You could also do this for some words that have your new sounds in them! | Practice writing our handwriting sentence three times: The quick brown fox jumped over the lazy dog. <br> Make sure your hanging letters hang, your tall letters touch the top, your small letters reach half way and no letters start from the bottom. Ask someone in your house to take a photo of your neatest sentence. From now on, all your work has to look this beautiful! |
| Pyramid spelling! Write your weekly spelling words once normally and then once in pyramids. Start with first letter at the top, then the first two letters underneath, then the first three letters under that and so on! You could also do this for words that have your new sounds in them! | Fold a sheet of paper in half like you are making a card. You are going to use this to make a nonfiction book about anything you want. You can design the front cover and then on the pages inside you can add titles, pictures, facts and anything else important. On the back you can write a blurb. Your book is nonfiction so it has to be about something real - for example toys, a tv show, food, animals. If you want to make a longer book, fold two sheets of paper in half. This activity will take quite a long time, so you might want to do a little bit every week. |
| Dot-to-dot spelling! Write your spelling words once normally and then twice more using dot letters - like this. You could also do this for some words that have your new sounds in them! | How many words can you make using these letters: <br> You can only use each letter once per word! |
| Word families! Write your spelling words out twice. Then, beside each word, write a different word that starts with the same letter. For example: look look lemon <br> Bonus points if your words rhyme! | Write a sentence about every person that lives in your house, including yourself. Don't forget that names need capital letters. |
| Spelling sizes! Write your spelling words three times - once normally, once tiny and once huge! You could also do this for some words that have your new sounds in them! | Red Group - How many words can you find in any of your books at home that have sh, ch, th or ng in them? Try to copy them down! Blue Group - How many words can you find in your books that have magic $e$ in them? Try to copy some of them down! <br> Green Group - Copy ten short words down from your reading book. Beside each one, write down a rhyming word. If you're struggling, you can make up crazy words! |

| Write out all the letters of the alphabet. Under each letter, write a number, from 1-26. Then, find the numbers that match the letters in your name and add them together! You can also do this for other people's names to see who's name makes the highest number! | The summer holidays are inching closer! Design your perfect holiday by drawing/labelling your transport (Is it an aeroplane? What cool features does it have?), your hotel/villa (What cool rooms does it have in it? Are there swimming pools?) and some activities you are going to do. |
| Play with a family member or friend. <br> - Pour pasta into a jar or bowl and estimate how many pasta shapes there are. <br> - Count the shapes. <br> - The person who has the closest estimate wins a point. <br> - Refill the bowl and play again. The person with the most points at the end of the game wins. | We are going to be learning about different living things. Take photographs of as many living things as you can. This could be animals, plants or even people! |
| We're going shopping again! <br> Circles - What coins can you add together to make: 3p? 6p? 7p? 9p? 11p? 15p? 19p? <br> Squares - What coins can you add together to make: 9p? 13p? 27p? 30p? 44p? 58p? 91p? <br> Triangles - What coins can you add together to make: 29p? 56p? 87p? 99p? £1.44? £2.63? £5.19? | Try something new to eat that you've never tasted before. Give it a score out of 10 . |
| Log into Sumdog and spend some time on the challenge Mr McNab has set up for your group. If you are not sure about your username and password, please check with Mr McNab! | Create a poster to teach people about the importance of safety at the beach, in the water and in the sun. You could include pictures/ information about sun cream and wearing the right clothes. |
| Some sums! <br> Circles - Half of 10, Half of 20, Half of 2, Half of 8, Half of 6, Half of 12 $\begin{aligned} & \text { Squares - } 18 \div 2,4 \div 2,10 \div 2,2 \div 2,14 \div 2,20 \div 2,16 \div 2,12 \div 2,22 \div 2 \\ & \text { Triangles }-10 \div 5,14 \div 2,10 \div 2,20 \div 10,15 \div 5,40 \div 5,40 \div 10,100 \div 10 \end{aligned}$ | Try to get some flower seeds from a shop and plant them in a small pot. Keep a record of the flower's growth - you could draw a picture of what the pot looks like once or twice a week. |
| Find a pattern in your house. It could be stripes, spots, shapes, zig zags. Copy the pattern and try to continue it as much as you can on the page. | Draw a big love heart. Then, around the outside of the heart, write about things you love (I love...). At the end you will have a shape poem, just like the stars we did for Mother's Day! |
