2nd Level: Writing – Tools for Writing (Spelling)

Week 5

<p>Building Vocabulary - Adding to root words</p> <p>Using the words in the list, add as many affixes as possible to see how many new words you can come up with. e.g. freezing, visibility, nationalism, builder, impatient...</p> <p>Make sure you also know the meaning of each new word. Check this by using them in sentences.</p>	<p style="text-align: center;">Day 1</p> <p>Freeze Visible National Build Patient</p>
<p>Phonic Knowledge - Sounding out of Common Words</p> <p>These are all phonetically regular words. Write a sentence for each word or put them all into a paragraph of writing. Ask someone to read your work back to you later so that you can write it down without being able to see. As you write them down, take care to use sounding out to ensure these target words are spelled correctly.</p>	<p style="text-align: center;">Day 2</p> <p>Interrupt Forty Metaphor Different Furthermore</p>
<p>Word within a word</p> <p>All of these have a word within the word. Remember what that word is for each of these, then write a sentence for each word or put them all into a paragraph of your own writing. Ask someone to read your work back to you later so that you can write it down without being able to see. As you write them down, use the word within the word to help you correctly spell these target words.</p>	<p style="text-align: center;">Day 3</p> <p>Near Police Million Happened Performance</p>
<p>Choose your own strategy</p> <p>Use whichever spelling strategy you like (others not used here include analogy, mnemonic and spelling rules) to help remember the spellings of these words. Remember your strategies, then ask someone to read the list so that you can write them down without being able to see them. As you write them down, you will rely on a well-chosen strategy to correctly spell these target words.</p>	<p style="text-align: center;">Day 4</p> <p>Unfortunately Believe Potential Vaccine Sincerely</p>
