

First Level: Measurement**Using a ruler**

Estimate and then measure the length of each of these bars. Write your estimate and then use a ruler to check the actual length.

Draw lines that are exactly:

5cm

8cm

16cm

23cm

3cm

29cm

17cm

Using your ruler measure at least 5 different things around your house. Draw a picture and write the measurements next to it.
