

"SCHOOL'S OUT!"

There are many reasons that a school might need to close. It could be the end of the school year or there might be bad weather or other situations that make it unsafe for kids to come to school. When school's out, it means that you'll have to get used to a new routine and you'll be spending more time at home with family. Use this worksheet to talk about how you're feeling and what things might change for you with school being out.
