

## Glow

1. Google search for “**Glow Login Scotland**” or type <https://sts.platform.rmunify.com/account/signin/glow> in your browser. If doing this then skip step 2.
2. Click on “**Glow – Sign In – RM Unify**”
3. Students should have their **Glow username/ email address** and **password**. If not – request this by emailing [kob@brannock.n-lanark.sch.uk](mailto:kob@brannock.n-lanark.sch.uk)

The image shows the Glow Sign In page on the left and a sidebar on the right. The Sign In page has fields for 'Username or Email Address' and 'Password', a 'Remember my username' checkbox, and a 'Sign in' button. Below the buttons are links for 'Forgotten your password?' and 'Need A Glow Login?'. The sidebar, titled '@GlowScot Tweets', displays three tweets from the @GlowScot account. The first tweet is about resetting the Glow Connect password. The second tweet is about logging into Glow. The third tweet is about Glow Connect and its usage. Each tweet has an 'Expand' link, a retweet icon, a reply icon, and a favorite icon.

4. Once logged in, students should see “**Launch Pad**” and “**App Library**”.

This window you see above – is what I have on *my* Launch Pad.

They may have a few ‘apps’ already on their launch pad too.

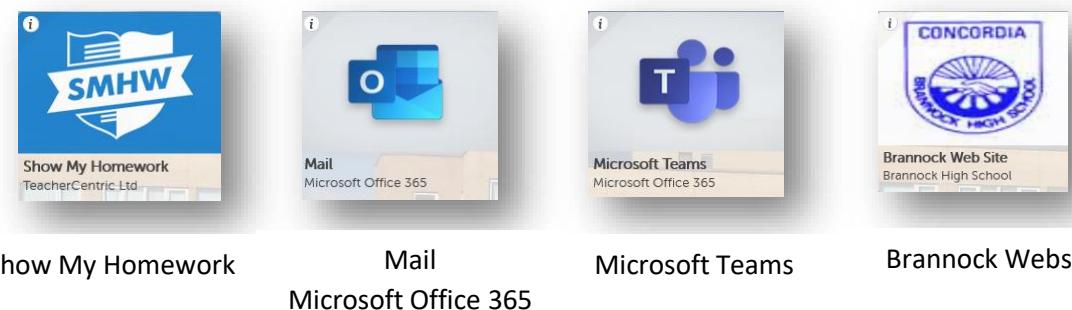

5. If students can't find the one they *need* on here, they can search for it in the "App Library" and 'Add to their Launch Pad'.  
**Add the following apps onto their Launch Pad.**

The main apps within Glow that students will be using are:

- Show My Homework
- Mail (Microsoft Office 365)
- Microsoft Teams
- Brannock Website

*Guides for each of these apps, including this one, will be put on the school's website - <https://blogs.glowscotland.org.uk/nl/brannock/>*

*(Google search "Brannock High School website")*

Show My Homework

Mail  
Microsoft Office 365

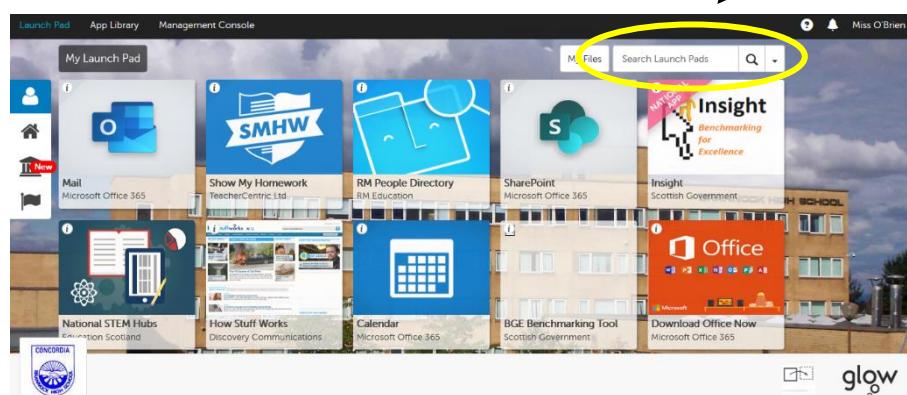

Microsoft Teams

Brannock Website

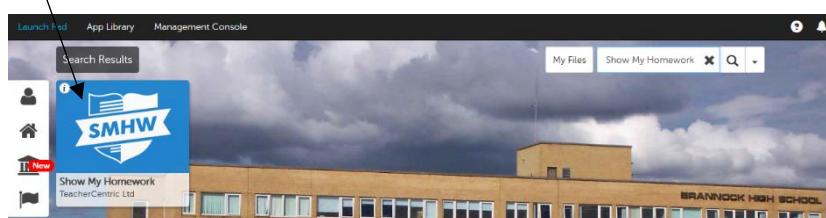

### Adding 'App Tiles' to your Launch Pad

The following steps take you through getting these apps onto your Launch Pad – if they are not already there.

a) **Search** for the name of the above apps into the "Search Launch Pads" search box, e.g. *Show My Homework, press Enter*

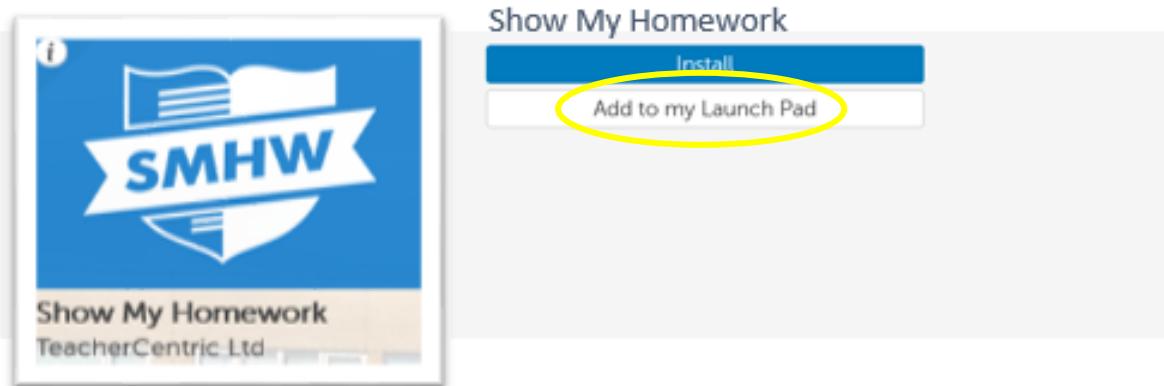

b) **Click** on the tile

c) **Click** "Add to my Launch Pad"

### Show My Homework

d) **Repeat** this process for the other apps listed above.

This will then put the app on the student's Launch Pad and make it easier to find later on as they will all be in the one place.

If using the Show My Homework app on a mobile device, please read the guide also found on the school's website. Please note this has been rebranded to **SatchelOne**. More details are found on the guide and also on the SatchelOne website <https://help.teamsatchel.com/en/>
