Dear Parent/Carer

Personalisation and Choice - S2 Into S3 Option Choice Process

Throughout this term our young people in S2 have been taking part in Careers Education both in Personal and Social Education (PSE) and through discussion with our Careers Advisors Mr Corry and Ms Ballantyne. Parents/Carers also had information shared with them regarding subjects and curriculum areas during our pathways evening. The next step for S2 pupils in this process is deciding which subjects they wish to choose for S3.

In S3 your child will study six subjects across the curriculum in addition to English, Maths, Modern Languages, and the other core subjects listed in the left-hand column of the option choice form. We recommend that time is taken before deciding which subjects to choose as they will continue to study these throughout their time in Brannock High School. In S4, your child will select five out of the six subjects to continue at National Level 3/4/5 depending on their progress and achievement.

The attached personalisation and choice form should be discussed and completed at home and returned to the school as soon as possible, but no later than Tuesday 27th of February. After this date, your child's Pupil Support Teacher will meet with your child to discuss their choices and their career pathway (if they have an idea of what this may be). We do our very best to meet the requests of our young people however sometimes this may not be possible due to staffing and low uptake.

All Personalisation and Choice information is available on our website in addition to information about our faculties.

If you have any queries, please do not hesitate to contact me at the school.

Kind Regards

Susanne Kelly
