Dear Parent/Carer

As you may know, the pupils and staff from St Patrick's Primary School have been with us since Wednesday 23<sup>rd</sup> November. They are settled here in Calderhead High School and are enjoying their new surroundings and experiences. I am writing to inform you that the current decant arrangements will continue until the authority is confident that the issue of vermin in St. Patrick's Primary School is completely resolved.

St. Patrick's Head Teacher, Josephine Steel, and all of her staff and pupils have been very accommodating and have settled well. We continue to meet on a daily basis to discuss how best to use the resources that we have available to us.

The pupils of Calderhead High School have been very impressive, especially the mature manner in which they have conducted themselves and how they have gone out of their way to assist the Primary School pupils and made them feel welcome.

We will continue to provide updates through:  
our twitter account @CalderheadHS,  
our website [blogs.glowscotland.org.uk/nl/calderhead/](http://blogs.glowscotland.org.uk/nl/calderhead/)  
and via text messages.

Finally I would like to thank you, our parents and friends, for the great support we have received over this week. We, as a school community, have been lifted by your positive messages and practical support during this time.

Yours sincerely

John Robertson  
Head Teacher
