2024-25 Improvement Plan

Cluster Priority: Long Term Outcome What do you hope to achieve? What is going to change? For whom? By how much? By When?	The cluster will work collaboratively to utilise the staged intervention process, in order to reduce the impact of wellbeing as a barrier to pupil engagement with their educational experience.
Person(s) Responsible Who will be leading the improvement?	Laura Simpson, Cluster Chair All Cluster Head Teachers Anne Trevorrow, Educational Psychologist CIIL - TBC

NIF Priority: 1. Human Rights 2. Improvement in children and young people’s health and wellbeing;	NIF Driver: NIF 1 – School and ELC Leadership NIF 2 – Teacher Professionalism,
NLC Priority: 3. Improvement in children and young people’s health and wellbeing with a focus on mental health and wellbeing	QI: 2.4: Personalised support 2.7: Partnerships 3.1: Ensuring wellbeing, equality and inclusion
PEF Intervention: 2. Social and emotional wellbeing	Developing in Faith/UNCRC: Article 3 - best interests of the child Article 12 - respect for the views of the child

If you used any aspect of your PEF fund to support this priority; please detail the expenditure here:
 Each school will deploy their own PEF fund in support of the overarching priorities and their own school priorities.

RATIONALE (WHY?) Why have you identified this as a priority? What data did you have to support this?
 The cluster would consider a pupil to be fully engaged when they are attending school, have a voice and are contributing, and are experiencing joy in learning and an appropriate level of support and challenge.
 As a barrier to engagement, the cluster sees continued high absence rates and high levels of Additional Support Needs across the cluster. Attendance issues are often complex and multigenerational. A collaborative multi-agency approach is required to support these families.

RATIONALE (WHY?) Why have you identified this as a priority? What data did you have to support this? Many of our pupils are from families where there has traditionally been little academic study beyond S4. We will improve the metacognition skills of all pupils, in line with equipping pupils with the necessary skills for Life, Learning and Work. With a drive towards 100% positive destinations. We aim to improve from 92% to 96% for positive destination is session 2024-25. We aim for almost all pupils to have regular Learner Conversations with staff.

RATIONALE (WHY?) Why have you identified this as priority? What data did you have to support this?
 Our attendance data for sessions 21/22 and 22/23 were down on pre Covid years. The number of pupil absences in all year groups had increased. We are targeting the reduction of periodic absences and reducing the number of pupils who have persistent long term absence. We will do this by enhancing our positive climate for learning which is achieved through positive relationships and excellent opportunities of pupil achievement. We will also put measures in place to engage with families to promote attendance. We aim to improve attendance from 80.5% in 2023-2024 to 85% in session 2024-2025.
