

Party Budget Planning

Each person going to the party will need all of the items in the box. Work out the cost of each item then multiply it by the number of children in your class to find out how much you will need to spend.

2 sandwiches

1 bag of crisps

2 samosas

1 plate

4 drinks

2 cakes

2 sausage rolls

1 cup

Number of children in the class: _____

Food and Drink	Cost	Per Person	Total Quantity	Total Cost
A loaf of bread = 12 slices per loaf	£1	2 slices		
1 bottle of orange juice = 10 cups	£1.20	4 cups		
1 pack of cheese = 10 slices	£1.20	2 slices		
1 pack of ham = 10 slices	£1.60	6 slices		
1 pack of crisps = 6 bags	85p	1 bag		
1 box = 12 cakes	£1.15	2 cakes		
1 pack = 12 samosas	£1	2 samosas		
1 pack = 20 sausage rolls	£2	2 sausage rolls		
1 pack = 25 plates	80p	1 plate		
1 pack = 16 plastic cups	£1.50	1 cup
