

Tuesday 2nd March

Eating and the Digestive System

Read pages 4-13. Answer your questions in your jotter.

There are some big words in this book. You can click on the words to hear them and help you read them.

1. Why do we need to eat?
2. What are some things our body uses different foods for?
3. What does the digestive system do?
4. Where does the digestive system start?
5. What are three things that saliva does?
6. What two important jobs does the stomach do?
7. What does the small intestine do?
8. How do the tiny molecules of digested food get from the small intestines to other parts of the body?
9. Where does the undigested food move on to from the small intestine?
