Spelling	Reading- Novels	Maths- Parallelogram	Topic
<p><u>Look, Say, Cover, Write and Check</u> Choose at least 5 words from your spelling list. Look, Say, Cover, Write and Check each word 3 times to help you learn them. Write a sentence or a paragraph that uses each word and shows what they mean.</p> <p><u>Fun Spelling</u> Choose from the fun spelling list stuck in your jotter, a fun way learn your spelling words.</p> <p><u>Metalinguistics</u> Choose at least 5 words from your list. Think of other words or phrases that have the same meaning as the words you have chosen. If you get stuck you can use a thesaurus, but try to think of some yourself first.</p> <p><u>Spelling City</u> You will be told which unit to look at each week in class. Hyperlink- Spelling City</p>	<p><u>Reading</u> Please read and practise your reading book each day for at least ten minutes.</p> <p><u>Read Aloud</u> Take turns reading aloud to someone. Make it fun by adding character voices and expression.</p> <p><u>Record Reading</u> If you have a phone or a tablet, record yourself reading for 1 minute. Evaluate what you thought of your reading. Was it fluent? Did you use expression? Did you use word attack strategies? How could you improve?</p> <p><u>Reading Comprehension</u> Play the Connect 4 game stuck in your jotter.</p>	<p><u>Place Value- Who wants to be a Millionaire?</u> Hyperlink- Who wants to be a Millionaire?</p> <p><u>Reading Numbers, Addition and Subtraction-</u> Hyperlink- Maths Invaders</p> <p><u>Money</u> 1- Help your family budget for the weekly shopping. Round the shopping to the nearest ten pounds. Identify which shopping items are a necessity and which are luxury.</p> <p>2- Go onto Asda.com. Pretend you have a budget of £20. What would you buy for breakfast lunch and dinner for one day?</p>	<p><u>Climate change</u> Using Nasa Climate Kids website, answer these questions in your jotter. Hyperlink- Climate Kids</p> <ol style="list-style-type: none">1. List the names of the main greenhouse gases.2. Explain each gases impact on climate change and if it is a positive or negative impact on the climate? <p>Then create your own climate change superhero. Draw a picture of them and list their superpowers that will help stop climate change. Example- your superhero could have the ability to melt down micro-plastics, preventing them entering the ocean.</p> <p><u>Carbon footprint</u> We have been learning about the human impact on climate change and ways we can reduce our impact. Create an outline of a footprint in your jotter, big enough to write inside, be as creative as you like you can use templates, free hand draw or even use your foot as an outline. Think of three things you can do to reduce your carbon footprint, list these inside your footprint outline. Once you have created these targets stick to them to help our planet.</p>
