

Dear Parent / Carer,

This year in Chryston High we have been carrying out a review of our current S3 curriculum. In negotiation with staff, parents and many of the young people within the school we have decided to make change to our current curriculum model and move to 9 subjects studied in S3 rather than 11.

Consultation has suggested that young people will have enriched learning experiences by allowing for deeper learning in class and, whilst still ensuring all pupils study a broad general education in S1-S3, learners will have personalisation and choice of more focused study in faculties, ensuring entitlements of Curriculum for Excellence in all 8 Curricular areas, as outlined in the form below.

Although the school will endeavour to cater for as many students as possible, some combinations of option choices may not be available. All students will also study PSE (1 Ed), RME (1 Ed), and PE (2 Pds). All students should pick 6 further subjects based on current studies. English and Math's are compulsory (both 4 periods per week). Modern Languages is also compulsory at 3 periods per week. These do not comprise any pupil's 6 choices. One subject must be chosen from each section C-F and a further 2 can be picked from anywhere. (Each of these subjects will be studied three times per week)
The Subjects should be listed by rank. (1-6) All students should pick a reserve subject denoted R.

To help with our planning, the final part of this consultation period is a 'dummy run' in which I will be asking all pupils to complete a trial option sheet - **This will only be used to help consider staffing and timetable for session 19/20 in school, this is not your child's final choices**, however may be a useful tool to start dialogue about careers, choices and pathways for your child. The choice process will begin in earnest once children return to school in January.

Thanks for your help and co-operation

Yours faithfully
