

## **New S5/S6 Maths groups** - How to get in touch with your maths teacher and classmates...

Maths groups for the Senior school have now been updated. Everyone is invited to join the course they have opted to study next session. You will be able to access work on key skills that are crucial for your new course. These are not class groups. Classes will be allocated in August are dependent on staffing.

Groups for each course have been set up on either Microsoft Teams or Edmodo so that you can discuss your work with your teacher and classmates.

Microsoft Teams can be accessed through Glow by clicking on the tile in the Chryston High School area of Glow.

A free app is also available.

Students can go to the Edmodo website: [www.edmodo.com](http://www.edmodo.com) and enter the code for their class. Their teacher will then add them to the class.

A free app is also available.

Follow [@ChrystonMaths](https://twitter.com/ChrystonMaths) on Twitter for information during the school closures. If you have any problems accessing these, then please DM us, and someone will be in touch.

The list below shows how you can connect with your new Maths group.

<u><b>Course</b></u>	<u><b>Access using</b></u>	<u><b>Code needed</b></u>
National 4 Maths	Edmodo	Code: i29a4a
National 5 Maths	Edmodo	Code: afiru2
National 5 Applications of Maths	Teams	Code: 6hefq52
Higher Maths	Edmodo	Code: k8cp5v
