

Chryston Primary

Work Hard
Be Kind
Show Respect

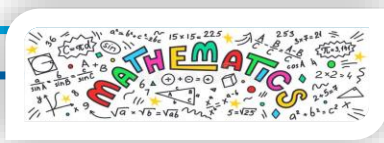

Weeks beginning 21st and 28th September and 5th October 2020

Primary 5 with Mrs McTier, Miss Young and Miss Carrigan

gw13mctierlinsey@glow.sch.uk, gw20youngnatalie@glow.sch.uk and

Welcome to our first 'learning from home' newsletter of the session. After the October week, we hope to move our home learning onto the Glow platform and into Glow teams. It is vital that you check the Glow log in works for your child. Once in Glow, please click the house at the side and then you should see a **Microsoft team** tile. Click on this to see if your child is a member of 2 Glow teams – their stage team NLC Chryston P5 and their class team NLC Chryston Mrs McTier or Miss Young. These two teams should appear. You are not required to do anything except check your child sees these teams and can open them. Your child's teacher's email is there for your child to email the home learning they complete from this newsletter - they can do this via their Glow Outlook. Please email gw09mcintyrelinnda4@glow.sch.uk gw09flecklorraine@glow.sch.uk if they are unable to log onto Glow.

At this point we are only giving out Literacy and English and Numeracy and Mathematics tasks. These are suggested tasks. It is up to you as a parent how many tasks you wish your child do.

Remember that children should only use the staff emails to share their homework with their teacher or ask for clarification of a task.

Numeracy and Mathematics tasks

We continue to keep all classes covering same concepts within each CfE level to support the teaching and learning if we end up learning from home. All Second level P5 -7 pupils are working on the Formal written method for Addition & Subtraction, Rounding and 2D & 3D shapes until October week.

Here is a list of suggested tasks to do at home to complement the learning in class –

- Try to use a variety of addition methods to calculate the following: $654+823$, $566+418$, $4641+3356$, $6502+2437$, $5577+2182$, $7460+1499$, $1783+6418$, $7321+2991$. Can you round these answers to the nearest 10?
- Can you use subtraction for the following: $799-543$, $675-424$, $3587-1144$, $8999-2765$, $7563-2217$, $6436-4029$, $9577-3391$, $5555-2396$
- Maths Sumdog week competition – 1000 questions to answer starting 25th September to 1st October

Maths week is the week beginning 28th September. We'd like the children to enter a national competition. Maths inside is a photo competition open to everyone living in Scotland. Three themes to choose from **in the home** & **oot an' about** and **complete the pattern**. Details of this can be found at

<https://mathsinside.com/>

- Create a triangle using 3 coordinates. Your grid should go up to 5 on the 'y' axis and up to 5 on the 'x' axis (starting at 0). Plot the coordinates and mark them down (e.g. (1,2) (3,5) (5,1).
- Can you list the name of 6 **polygons**? Draw these and label them.

Literacy and English tasks

Spelling words to practise

Week beginning 21st Sept

to, too, two, there, their, they're

Week beginning 28th Sept

where, were, we're, wear, your, you're

Week beginning 5th Oct

The phoneme 'k'

kind, ketchup, school, character, packet, cartoon, chaos, kilometre

*If you use IDL, your spelling work should be trying to complete 3 sessions of 10-20 minutes each week.

Please read daily for a minimum of 30 minutes a day at home.

- Write your spelling words 3 times using fancy, bubble or dot spelling.
- Practice sending your teacher an e-mail and include some silly sentences or a short paragraph using your spelling words.
- Write an acrostic poem about the Iron Man.
- Using clues from the text, create a visualiser about a character or setting from a book you are reading or have read at home recently.
- **The following tasks have been set up in Education City –**
* Choose a level you want to try. Try to complete at least 2 activities.

Mild 	Medium 	Spicy 
<ul style="list-style-type: none"> • Canopy Clues • Through Thick and Fin 	<ul style="list-style-type: none"> • A- Boat Time 1 • On The Same Page 	<ul style="list-style-type: none"> • A-Boat Time 2 • Alien Escapade

Online log ins

Please check that your child can log into the following online platforms which will be used in school and at home throughout the coming session.

Sumdog is paid for by North Lanarkshire Council to support all schools with Maths and Spelling and can be accessed online or via the app – https://www.sumdog.com/user/sign_in . Spelling will not be active until the contract is renewed by NLC in October.

Glow is an online Scottish schools intranet which is used to share learning with pupils. This is also used in the event of a lockdown and pupils if required to access learning and teaching at home- <https://sts.platform.rmunify.com/account/signin/glow>

Education City is an online website, our school pays for, to support learning across all curricular areas. <https://www.educationcity.com/>

Children will be issued with their own log ins and they will come home in their bag.
