Work Hard

Be Kind

Show Respect

Weeks beginning 21st and 28th September and 5th October 2020

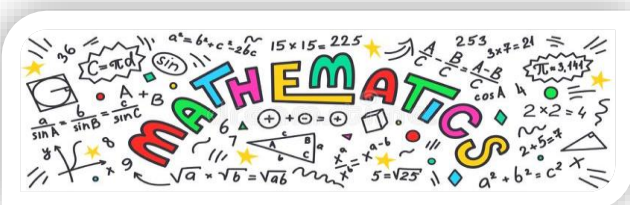

Primary 6 with Mrs Montgomery, Mrs Whyte and Miss Anderson

gw18montgomeryemma1@glow.sch.uk , gwwhytekirsty@glow.sch.uk and

gw17andersonmikaela1@glow.sch.uk

Welcome to our first 'learning from home' newsletter of the session. After the October week, we hope to move our home learning onto the Glow platform and into Glow teams. It is vital that you check the Glow log in works for your child. Once in Glow, please click the house at the side and then you should see a **Microsoft team** tile. Click on this to see if your child is a member of 2 Glow teams – their stage team NLC Chryston P6 and their class team NLC Chryston Mrs M/Mrs W or Miss Anderson. These two teams should appear. You are not required to do anything except check your child sees these teams and can open them. Your child's teacher's email is there for your child to email the home learning they complete from this newsletter - they can do this via their Glow Outlook. Please email gw09mcintyreilinda4@glow.sch.uk gw09flecklorraine@glow.sch.uk if they are unable to log onto Glow.

At this point we are only giving out Literacy and English and Numeracy and Mathematics tasks. These are suggested tasks. It is up to you as a parent how many tasks you wish your child do.

Remember that children should only use the staff emails to share their homework with their teacher or ask for clarification of a task.

Numeracy and Mathematics tasks

We continue to keep all classes covering same concepts within each CfE level to support the teaching and learning if we end up learning from home. All Second level P5 -7 pupils are working on subtraction, problem solving and shape until October week.

Here is a list of suggested tasks to do at home to complement the learning in class –

- Mystery Number – Find the missing number to the following questions.
 $1834 - ? = 1522$ $6769 - ? = 2611$ $? - 6321 = 2347$ $? - 3621 = 6313$
- Sumdog week competition – 1000 questions to answer starting 25th September to 1st October
- Maths week is the week beginning 28th September. We'd like the children to enter a national competition. *Maths inside* is a photo competition open to everyone living in Scotland. Three themes to choose from **in the home & out an' aboot** and **complete the pattern** Details of this can be found at <https://mathsinside.com/>
- DIY Digits – Can you make 4 digit numbers using the digits 1-9, e.g 5982, 2174.
Find sums and differences between the numbers using the formal methods and record this.
Challenge – make larger numbers to add and subtract.
Use your knowledge of shapes and angles to complete this sheet - <https://bit.ly/2Rux30q>
Play Noggle with your family. Make up your own numbers on a game card and make 900, 1000 & 750.

Literacy and English tasks

Please read daily for a minimum of 30 minutes a day at home

Spelling words to practise

Week beginning 21st Sept

Week beginning 28th September

Week beginning 5th Oct

Homophones

to too two
which witch
eight ate
male mail
some sum
knew new

For nouns ending in 'f' or 'fe' change the 'f' or 'fe' to 'ves' to make plural

leaf - leaves
half - halves
shelf - shelves
thief - thieves
loaf - loaves
wolf - wolves

knife - knives

wife - wives

live - lives

midwife - midwives

- Spelling paragraphs - Write a paragraph using as many spelling words as you can.
- Practise your spelling words using one of the following Active Literacy tasks – Rainbow Spelling or Fancy Spelling.
- The following tasks have been set up in Education City – Homophones and Suffixes.
- Watch an episode of Newsround and write the main points.
- Create a visualisation of a character from one of your books at home.
- Complete the grammar worksheet converting present into past - <https://bit.ly/3hGAtHY>
- Find Boggle online – how many words can you create? Why not challenge your family to a game?

Online log ins

EducationCity

Please check that your child can log into the following online platforms which will be used in school and at home throughout the coming session.

Sumdog is paid for by North Lanarkshire Council to support all schools with Maths and Spelling and can be accessed online or via the app – https://www.sumdog.com/user/sign_in . Spelling will not be active until the contract is renewed by NLC in October.

Glow is an online Scottish schools intranet which is used to share learning with pupils. This is also used in the event of a lockdown and pupils if required to access learning and teaching at home-

<https://sts.platform.rmunify.com/account/signin/glow>

Education City is an online website, our school pays for, to support learning across all curricular areas.

<https://www.educationcity.com/>

Children will be issued with their own log ins and they will come home in their bag.
