MY RECORD OF ACADEMIC YEAR
1996-1997

DR. J. O'KEANE

For the second year in succession, Cardinal Newman High School is able to produce a Yearbook. That hardly makes it a tradition, but it might be the foundation on which a tradition can be built. I am very grateful to all those who worked so hard to make the 96/97 Yearbook possible.

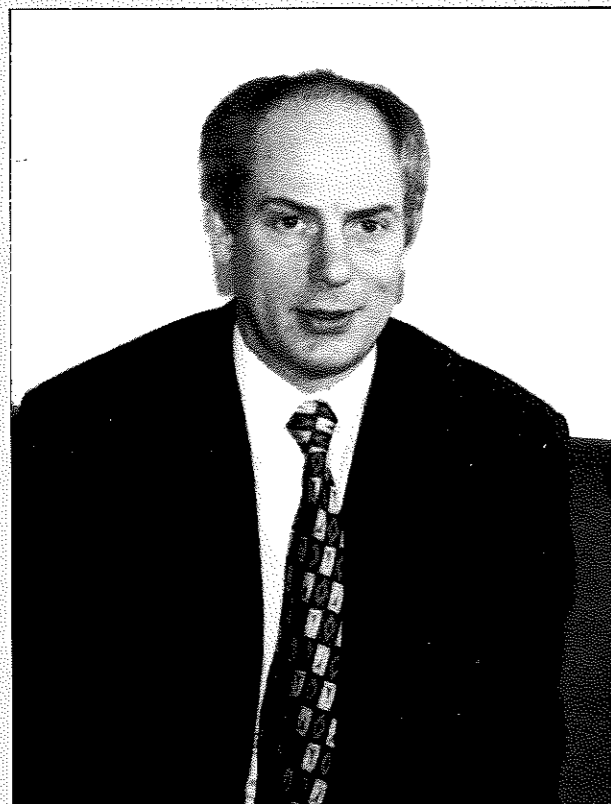

The main purpose of a yearbook is to provide an attractive and uncomplicated glance at life in Cardinal Newman. It is only a glance and not at all an indepth study. Hopefully people will refer back to it in later life and recall with some fondness memories of life at school. I would also like to think that it might strengthen the ties between its former (and present) pupils and between the school and the local community as a whole. It will not ever capture the full reality of life at school, but perhaps it will prompt all of us to recall what school gave us and what we gave school. I hope that all readers enjoy the Yearbook and that it does spark a few smiles.

MR. P. MCMAHON

It hardly seems like a year since I was asked by the Yearbook Committee to make a written contribution to the 1996 Yearbook and on reflection this highlights just how quickly the years at Cardinal Newman High School can pass. This realisation applies, I feel, to both pupils and teachers alike. Therefore, the existence of a Yearbook such as this one, can only help prolong the memories of the 'happy' times at the school for all those in attendance.

To those responsible for the production of the yearbook I am grateful for the time and effort put in to make the Yearbook so successful. I would also like to take this opportunity to thank those businesses in the community for their financial support in the production of the Yearbook. Their assistance is greatly appreciated and I hope that they too will have found their involvement with the school to have been fruitful.

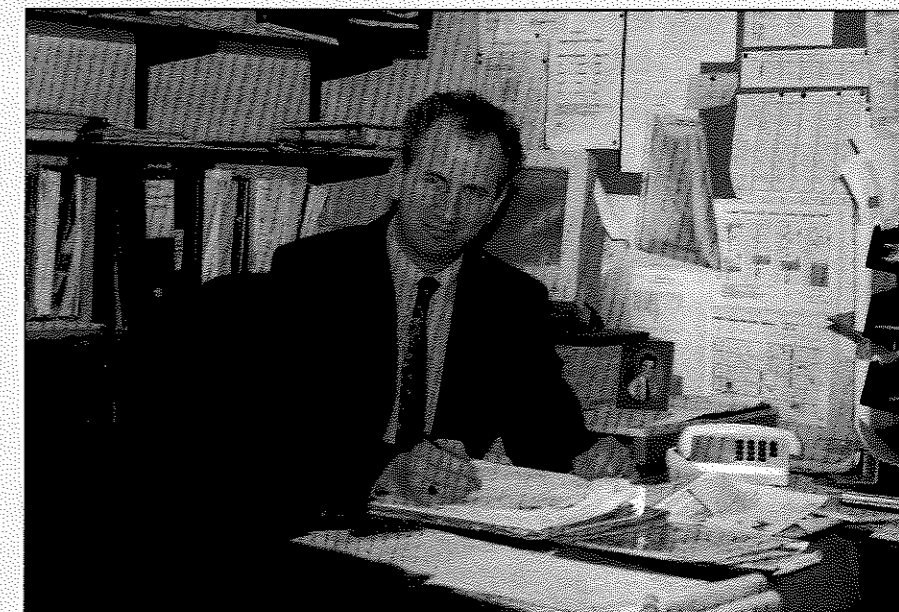

MR. W. TOLLAN

The 1997 Yearbook is the third to be produced in Cardinal Newman and as always it encompasses many aspects of school life over the past year.

Sixth Year will be especially keen to obtain a copy of this excellent publication and will look back with nostalgia and, I hope affection at the events portrayed within. The Yearbook will serve for me as a pleasant reminder of those young people who arrived at the Annexe in August 1991, in full uniform, and who are now about to embark on many differing paths over the summer. I hope that they have found 6 years at Cardinal Newman to have been worthwhile and will fondly remember the Millport Cycle, the Ceilidh, the Leavers Dance and any other event in which they have taken part.

To our departing 6th Year I wish you well in future careers and further studies and on your behalf I would like to thank the staff for their efforts over the past 6 years.

Captured on film are a number of the S2 pupils who made the journey to Paris and Eurodisney during the course of the Easter holidays in 1996.

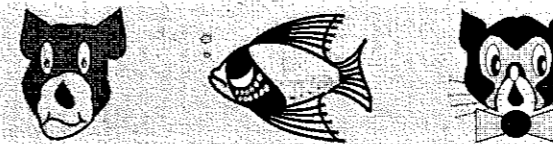

This trip took in the delights of all that Eurodisney had to offer and was enjoyed by not only the pupils, but the staff as well.

Banking Legend

TEN THINGS YOU DIDN'T KNOW ABOUT BANK OF SCOTLAND

✂ An Edinburgh University department has discovered ancient pictish runes that suggest Bank of Scotland was an economic leader in primeval times and was the bank favoured by druids.

✂ More Bank of Scotland account holders bank at Bank of Scotland than they do with any other bank.

✂ Plans to build a Bank of Scotland Autoteller machine on the Forth Road Bridge have met with mixed response from people worried that their cash might blow away in the strong cross winds.

✂ Psychics have informed officials of Bank of Scotland that stars on the other side, including Elvis Presley, Natalie Wood and Marilyn Monroe, have named Bank of Scotland as their favourite bank. The latest is that Elvis is awaiting the outcome of his application for a personal loan.

✂ If all the male staff of the Glasgow branches of Bank of Scotland were laid end to end across the Atlantic, you'd only be able to be served by female staff if you came in to ask about your account.

✂ Robert Burns, the famous Scottish poet, wrote the famous Scottish song, 'Ae Fond Kiss (An Then We Slever)' while waiting to see his bank manager about his overdraft.

✂ Parts of Francis Coppola's *The Godfather pt 4* starring Gregor Fisher, Calum Kennedy and Andy Garcia, will be set in the Comely Bank branch of Bank of Scotland, filming begins in 1998, allegedly.

✂ Mrs Morag McCorkindale of Glenogle Drive, Stranraer, annual winner of the National Bake a Scone for Everyone Competition since 1988, claims that the secret of her successful recipe is to whisper the words "Bank of Scotland" to herself every time she puts a spoonful of baking mixture onto the baking tray.

✂ The famous last words of Mary Queen of Scots, only recently discovered in the historical scoop of the century, were "Do what you want with me, I'll never tell you my Bank of Scotland PIN number".

✂ It's a fact - you don't expect to get a bank with a sense of humour in this day and age and we haven't got one yet.

THREE ACCOUNTS YOU SHOULD KNOW ABOUT FROM BANK OF SCOTLAND

✂ Express Account - for 12-15 year olds.

✂ First Cheque Account - for 16-17 year olds.

✂ Student Account - for all college or university students.

Ask for details at Bank of Scotland, 207 Main Street, Bellshill ML4 1AL.

S5 & S6 CYCLE MILLPORT '96

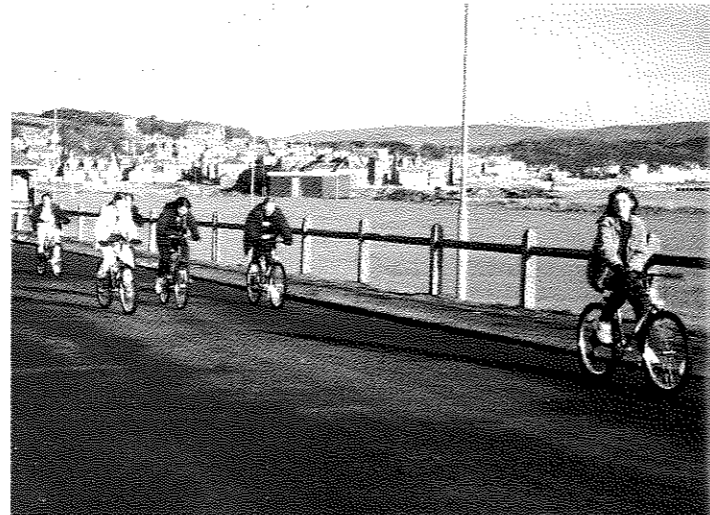

Right we find the 'Spade Girls' taking time out from going in circles.

A couple of dodgy looking yokels try to muscle in on the act.

Above: The whole group pictures after their efforts in raising money for the 'Senior Citizens' Treat'.

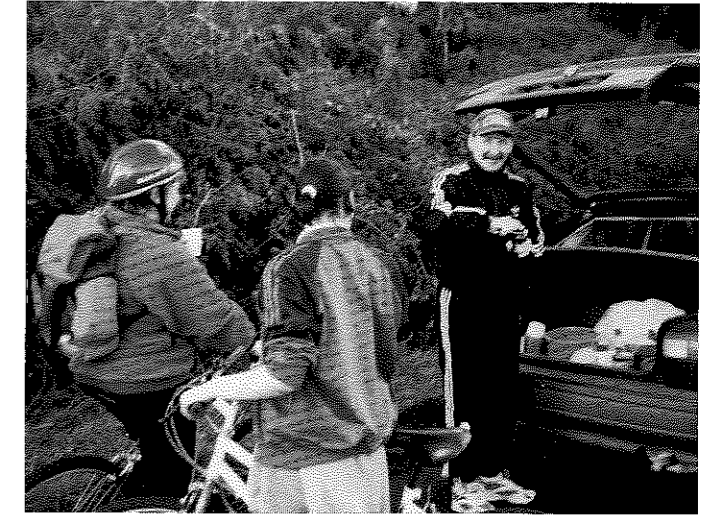

Some pupils starting out on lap 57 of the 250 lap course!

Why cycle on the road when there's an empty pavement that you can cycle on instead.

Left: The 'Spud Girls' caught again this time with their 'Road Manager'.

Below: Mr. Bryne dishes out the refreshments.

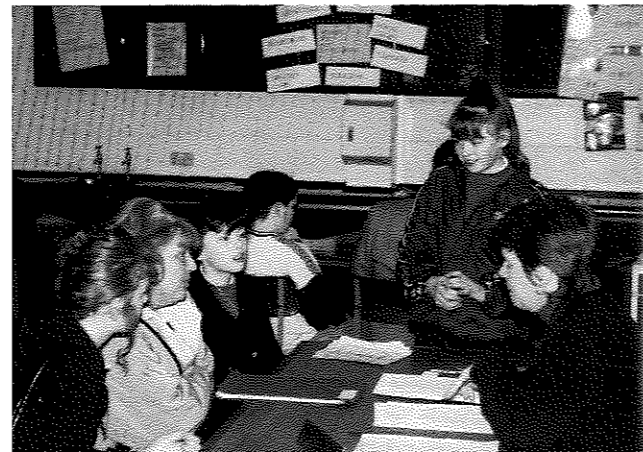

Above: Guess who this might be?

Gentlemen and Claire Wynne, Start your engines!!!

PARENTS' NIGHT

Second Year Parents' Night took place on March 4th. It gave parents a welcome opportunity to check on the progress of their children at a time when S2 pupils are preparing to select their chosen course of study in Third and Fourth Year.

CANDID CAMERA

Shown here on the two pages are a number of photographs capturing not only pupils, but staff as well.

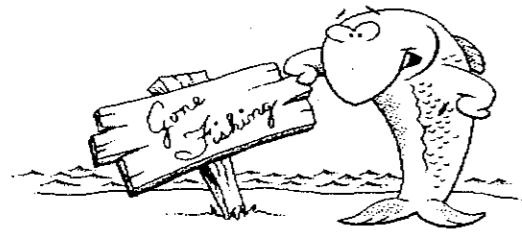

The theme originally began as pupils at work, but as you can see, that went right out of the window when it came to selecting the pictures to use.

There are too many people in the photographs to name individually, but two names of note are the two dinner ladies. They are; left - Denise McGhee right - Grace McMurray.
