

Straight Line Graphs

1. Copy and complete this table of values for $y = 3x$

x	0	1	2	3
y	0			

b. write down the coordinates produced by these points

c. Draw the straight line on the axes below

2. Copy and complete the tables of values for:

a. $y = 4x$

x	0	1	2	3
y		4		

b. $y = 0.5x$

x	-2	0	2	4
y				

c. Draw both straight lines on the axes below
