
 **Primary 3b** 
End of Term Activity Grid

Hello, P3b. This is not the end of year that we had all planned or hoped for. I have missed all of you very much and wonder constantly how you all are. I just wanted to say though, I am so very proud of every single one of you and your amazing families too. You have had lots to juggle and deal with and have faced this challenge bravely and cheerfully. I am really looking forward to seeing you all and catching up on all your news when we return to school again. Have a wonderful, safe, happy, healthy summer.

Love, Mrs Allison, xxx

'Thank You' Picture

Normally, in June, our class would make thank you cards to deliver to people in school who help us; classroom assistants, office ladies, Shaz and her team, Mr Clinton, Mrs Hart, Paul the janitor, Rose who looks after our classroom and so on. As we can't do that this year, perhaps you could design a picture and post it on the CPS family feed on 'Teams' for our lovely 'school family' to see.

Summer Stones

Choose a stone or large pebble that you can paint a picture or a pattern on. Add this to the school snake at the entrance to the community park, the next time you are walking by.

P3b Memories

Try to complete the attached sheet 'P3b, End of Term Memories'. If you would like to share these with your classmates, you could post a copy on our class 'Team'.

Forward Thinking

Think about what you are most looking forward to when you return to school in August. Draw a picture and/or write about what this is.

Friendship Flower

Make a friendship flower. Draw a big flower and write your name/draw yourself in the middle. Write/draw your friends in the petals. You can download the attached flower picture if you prefer.

Stay Safe in the Sun!

You know I love reminding you to stay safe in the sun! Create a leaflet or poster telling people how to stay safe in the sun. What sorts of things should you wear, do or take with you on a sunny day?

Oxford Owls Info

I have been asked whether it is still possible to use 'Oxford Owls' over the summer holiday. I will leave the account active for you to access. I have not been informed by Oxford of any plans for them to withdraw the service so, as far as I know, you will have access to this throughout the summer break to choose some books.

Sumdog Info

The 'Maths' section of Sumdog will remain available to you throughout the summer to use if you wish to do so (I know the kids love the games on here). We don't normally have access to the 'Language' sections of Sumdog but they kindly provided this for free to our school and to parents due to the Covid-19 closures. I have not been notified of this service being withdrawn so I hope they will continue allowing us to access language games over the summer, along with our regular maths activities.

Things to revise.....

I often get asked, toward the end of the summer term, what the kids should do over the summer in regard to revision. As usual, in summer, we would not expect the kids to do homework as such. It is, however, always a benefit to the kids to continue reading and talking about books they enjoy, playing counting and/or

multiplication games and revising the trickier common words or phonemes now and again. The Stage 2 and Stage 3 Phonemes and Common Words have been posted last week and this is on our class 'Team' feed for you.

Have a wonderful summer, I look forward to seeing you all in school so I can hear all about your summer adventures and all the fabulous things you will do in your new class as a big, grown-up P4!

Love, Mrs A, xxx
