Dear Parent/Carer,

NL Digital School have created a Virtual Classroom that all young people can access via Teams. Our Digital Champion, Mrs Craig, is currently setting up access to all pupils in our school. Your child's teacher will notify you when this is ready for your child to use.

The rooms are:

Early Level: Red

First Level: Orange, Yellow and Green

Second Level: Blue, Indigo, and Violet

The virtual classroom contains progressive learning content that your child will be able to complete remotely while at home.

This is accessible by all North Lanarkshire children and can be used to support learning at home. Teachers may also direct children to access learning in the NL Virtual Classroom as part of their learning activities. This instruction would be detailed in your child's class Teams page by their teacher.

First and Second Level Room colours are in the order of progression through these levels, so you may feel your child could be challenged at a higher colour or require further consolidation in another colour. Information on your child's last report will help you establish the level your child is working at.

I have attached parent and pupil guides for your information and reference.

As always, please do not hesitate to contact Mrs Craig at CCraig@cumbernauld-pri.n-lanark.sch.uk to resolve any issues with access to this resource.

Yours sincerely
Ed Clinton
Head Teacher
