

GREEN CROSS CODE

STOP, LOOK, LISTEN,
THINK

ALWAYS
STOP LOOK
LISTEN
THINK
BEFORE
YOU CROSS

*Bike and scooter
safety/walking home*

*Brake/stop when there's a road
Be careful when going down hills
Go slow when crossing road
Be careful when there's people around
you*

How to be a great passenger

- If you are on a device in the car turn it down so the driver can concentrate when driving
- Be quiet when the driver is on a busy road
- Don't scream in the car because the driver needs to focus

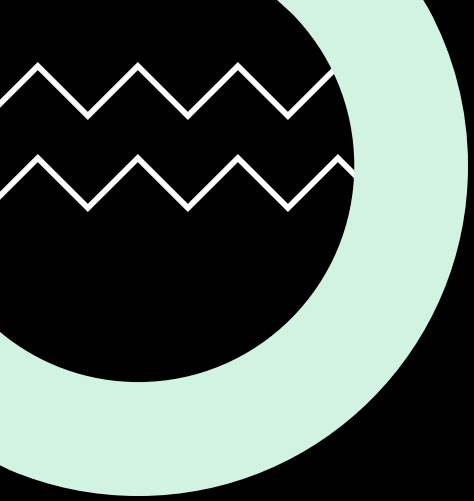

Being seen

- Make sure that before you cross the road the car can see that you are about to cross

After crossing a road put up your hand if they stop for you

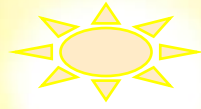

Cumbernauld Primary School

- This is a lovely school make sure to be careful to cross there when you go in the morning and coming back

Be careful around the new road markings at the school.
