

A yellow diamond-shaped road sign is positioned on the right side of a road. The sign is empty and has a black border. The background shows a road with a yellow center line, green trees, and a clear sky.

# Road Safety

By Meg and Emily

For all ages

# Bike and scooter safety

- ◆ Never go on the road with your bike or scooter unless you are a professional
- ◆ Try your best not to fall especially not on somebody
- ◆ Be careful at popular places especially in and around Cumbernauld Primary

# Crossing the road

- ◇ You should always be careful while crossing roads. Make sure to look left and right .
- ◇ Make sure it's a safe place to cross and there's not too many cars passing
- ◇ Never cross at a roundabout or at a corner
- ◇ Don't go on your phone while crossing a road or pay too much attention to friends
- ◇ And always use the green cross code!!!!

# In the car

- ◇ If you are in the car as a passenger make sure not to distract the driver because they might crash the car!
- ◇ Remember to wear a seatbelt while driving
- ◇ Never be too loud in a car unless you're in danger
- ◇ And if you are a driver be careful you don't hit any bikes or motorbikes and always stop at red lights and zebra crossings

# Parents Parking and Driving

- ◇ Always make sure to use your indicator when turning corners in the car
- ◇ Don't park in inappropriate places because people may struggle to drive around it especially our elderly
- ◇ Watch your parent is not parked on footpaths.

# The green cross code

- ◆ Its always important to use the green cross code
- ◆ The green cross code includes.....
- ◆ Stop, look, listen and think
- ◆ STOP: stop at the road
- ◆ LOOK: always look if there is any cars
- ◆ LISTEN: can you hear any cars
- ◆ THINK: is it safe to cross ?

# The End

- ◆ Thank you for watching our road safety powerpoint
- ◆ We hope you stay safe on the roads and the car
