

Road safety for children

By Cara and Katie

GREEN CROSS CODE

When crossing a road always remember to stop,look,listen and think.

STOP=always stop at a pedestrian crossing

LOOK=always look left and right even when you don't hear a car coming

LISTEN=always listen when your crossing a road incase of cars

THINK=always think when your crossing a road for example. Is it safe?

Bike and scooter safety

*Never ride your bike
or scooter on the
road.*

*always get off your
bike or scooter when
coming to a road.*

*Get off your bike or
scooter in the school.*

A toy car with blue frosting on top is on a grey track. The background is a colorful, stylized landscape with green grass, brown fences, and red stop signs. The entire scene is framed by a white, hand-drawn border.

*How to be a good passenger
always have your seatbelt on.*

Don't distract the driver.

Road safety points

never play on the road.

if a car is near the road before you are let them go first.

always look for a lollipop lady.

*Thank you for watching our powerpoint hope you
enjoyed learning road safety.*
