

Gartcosh Parent Council

Fundraising Update

A Big Thank You...

As a Parent Council, one of our roles is to support the school in its development and improvement through fundraising.

And as Parents and Carers, you have always stepped up to the mark with your support. Thank you so much for continuing to help us.

So what's next...

After consulting with yourselves, the school and most importantly, the children, regarding where money should go, having a playground that is as fun and stimulating as possible was felt to be a priority.

Highest on the list for the playground was a Trim Trail and given we are still some way from getting a new school this was felt to be a good use of this money.

Where we stand...

Our current goal is to raise £4000 and we are over half way there!

This will ensure that we can continue to support the school as we have done in the past with support for things like school trips (when they are allowed to do them again) and also mean that we can aim towards a bigger project such as the Trim Trail.

We also aim to apply for grants that can help us achieve this goal.

Other ways your support has helped...

Technology

A new smart board was purchased thanks to your support which means every class now has a smart board. The school has also been able to increase the number of iPads so children have to share these less thanks to your support

Playground Storage and Equipment

Hula Hoops, Balls, Skipping ropes and somewhere to keep them are amongst the things you've helped to provide for the children in the playground

We have a way to go yet and every little that you give, whether through donations or time, help us edge towards that goal, so thank you all so much again for your ongoing support.
