

Meet the Janitor

Mr Craig

A little about me.

This is my sixth year as janitor in Gartcosh. I have also worked in other schools.

I play the bagpipes and play in a pipe band.

What is important to me outside of school?

Spending time with my family – my children and my grandchildren.

What's Important to me in school..

I try to make sure that the children are safe and happy.

I try to be approachable so that if anyone needs my help then the children can come to me.

I encourage the children to mix with others, play together and make sure that no one is left out when I am in the playground at break and lunchtimes.

What my day may look like..

My days change and every day in a week can be quite different.

I open the school every morning and make sure that the school and the playground are safe for everyone to use.

I operate the heating and keep the school at the right temperature.

I maintain the school grounds – so you may see me out and about with some gardening tools!

I work with contractors to help keep the school in good running order and I report any faults that may occur. This means that I report repairs, maintain the paperwork and follow up on any jobs.

I secure the school grounds at night.

Every day I supervise in the playground at break and at lunch.

If you need to get in touch with me

1. Call the school (01236 794892)
