

## Greenfaulds Geography Presents: [#30dayswild](#)

Greenfaulds High School is taking part the **Wildlife Trusts 30 Days Wild** - the UK's first ever month long nature challenge. The idea behind this challenge is to do something wild in the outdoors each day for the month of June. You can climb a hill, take a photo or plant a wild garden.

As our school breaks up near the end of the month the competition in GHS will run from **May 25th to June 23rd**. Pupils will be issued with a **checklist of 39 tasks** and the aim is to **complete 30** of these with a **photo as evidence** before the deadline. If no pupil has completed all tasks by Friday June 23rd, then the pupil with the most challenges completed will be announced as **the winner on Monday June 26th**.

Pupils should document their adventures with a photo as evidence. Once you have **completed 10 tasks visit F044** to have your tasks recorded and then get back outside to complete the rest! Prizes will be awarded to the S1 pupils who come in first, second and third place, now go and [#getoutside](#)
