Dear parent/guardian,

In light of recent concerns over online safety highlighted in the media, we felt it appropriate to organise an **'Internet Safety Evening'**. We will be focusing on some of the dangers our young people could be exposed to. We will also have one of our colleagues from Police Scotland who will help deliver the presentation on how to make the internet/social media safer for our young people.

The event takes place **Tuesday 19th of March at 6:30pm.**

From the evening it is hoped parents and our young people will have a greater understanding of how to protect themselves online.

If you wish to attend can you return the tear of slip no later than Friday 15th of March.

Best wishes

Michael Bradley
PT Pupil Support

✂-----

I would like to attend the **Internet Safety Evening** on **Tuesday 19th of March**
