Pupil Support Interview

### Instructions for completion.

Please note that we will do everything possible to ensure that pupil choice is met.

**However, classes can only run where numbers choosing the subject (and Level) are sufficient to justify this and where we have sufficient staff. There is an opportunity to attend other local courses to satisfy your curriculum needs.**

**If there is a clash of subjects in one column refer to the information provided by Pupil Support.**

- Print your name, class and Pupil Support Teacher at the top of the sheet.
- Use the information on the website and your judgement based on the best prediction of examination results to make a subject choice in each column.
- Use the best prediction of examination results to choose the level of subject i.e. Nat 5 (A/B) → Higher possible over one session: Nat 5 (C/D) Higher possible over two sessions: Nat 4 → Nat 5.
- **Circle** your choice of subject in the appropriate level box. **If you choose a course out with Greenfaulds, please pick a 2<sup>nd</sup> back up course in the column in to event your request cannot be fulfilled**
- Higher and Further Education and employers all put emphasis on the need for good skills of Literacy and Numeracy, therefore, we recommend that you continue to take English and Mathematics to improve academic level.
- For S5 pupils, you need to make a choice in all columns. For S6, you need to choose something in a minimum of 4 columns.
- For S6 pupils, Subject Ambassador can be added to the 4 choices and this can be accredited towards a SCQF level 6 Leadership award, SCQF level 5/6 Work experience and a Saltire volunteering award
- If there are TWO subjects which you want to take in the same column and these are not offered in any other column indicate this in the -clash of subjects -box. It may be possible to attend another local school to study one of these courses. See Pupil Support Teacher or Mr Bowie for further info.
