Dear Parent/Carer

DYW Day 2021

Each year as part of our S2 options process we try to share as much real-life information and experiences with our young people as we can to help guide them in their subject choice. Part of this process is asking parents if they would be willing to share their own lifelong learning career journey with our young people as part of our annual Developing the Young Workforce conference. The ongoing pandemic means that we can no longer deliver this in the normal way by hosting an in-house conference with visitors, pupils and parents present. We are therefore having to think of different ways in which we can continue to offer our young people this invaluable information and we are hoping to undertake a virtual delivery for our students. As such, I am hoping you would be happy to support the students this year with the new format outlined below:

Film a video that lasts 2 to 3 minutes about your current position/career path. In the video it would be helpful if you could cover some of the points below:

- 1 Subject choice in secondary school and its links to your current career
- 2 The route into your career e.g. did you complete an apprenticeship? Or did you go to college or university?
- 3 What is a typical day at work for you? How has Covid-19 impacted your job?
- 4 What are the top three skills that you use in your job?
- 5 What is the most enjoyable aspect of your job?

(The video will be shared on Greenfaulds social media and will be stored adhering to GDPR guidance)

If you feel you are able to support us in this way, please either upload a short video to gw10proctorderick2@glow.sch.uk or if you would like some further information, please contact me directly. Submissions should be returned to me by **Monday 25th January** to allow me to collate them for use on our proposed DYW Day on Wednesday 27th January. I look forward to your support in this virtual conference.

Yours sincerely

Derick Proctor
