

Glengowan Primary School

Welcome to our March Newsletter!

Our Vision and Values

Our vision is, 'Glengowan is safe, nurturing, inclusive and raising achievement for all'. In consultation with our school and nursery community, we have reviewed our values and these have been shared as:

'Happiness, Honesty, Teamwork, Respect'.

Glengowan Primary School
and Nursery Class

Safe, nurturing, inclusive and raising achievement for all

Important Dates

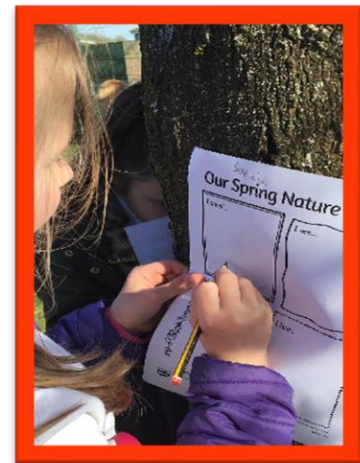

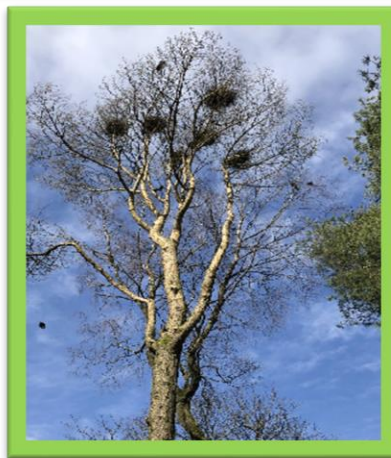

Airdrie Foodbank

As part of our work on Global Goals - No Poverty, Mrs Sharkey organised a donation for Airdrie Foodbank, on behalf of the Eco Committee. A representative from the Foodbank collecting donations from parents and families. Many thanks for your support.

Learning and Teaching

It has been lovely having our whole school and nursery back together again, following lockdown and the phased reopening. The children have had a great time reconnecting with class mates and engaging in face to face learning and teaching. Every class has spend some time learning more about Spring and about Easter. This has included increased opportunities for outdoor learning, which the children have loved.

Digital Learning and Teaching

Throughout lockdown, we were incredibly impressed by our pupils' engagement with our remote learning offer. Many thanks to parents for the amazing support you provided for your child/children during that time. Our pupils made great gains in digital literacy during that time, and we are keen to build upon their successes. All classes have a block of digital literacy learning and teaching on a weekly basis and we are really pleased with the children's confidence, independence, and progress.
